Molokai's Damien Sainthood Celebration

Three celebrations Topside Molokai October 30 were the culmination of weeks of ceremonies and celebrations marking the Vatican's canonization of Belgian-born Joseph de Veuster, or Father Damien, in Rome on October 11, 2009.

Damien has long been a saint to the people of Hawaii for caring for exiled leprosy patients in the mid-1800s on the Kalaupapa peninsula on the island of Molokai when no one else would, and then contracting and dying of the disfiguring disease himself. Damien was diagnosed with leprosy 12 years after he arrived. He died four years later, in 1889.

On Friday, October 30, Catholic Church officials, among them, more than twelve Bishops celebrated with the Molokai Topside community the return of Damien's second relic. Church officials have been carrying the heel bone relic around the state for the past few weeks. Mrs. Audrey Toguchi whose cure from cancer was attributed to her prayers to the Blessed Damien, was present for prayer service at St. Joseph's in Kamalo and Mass at Our Lady of Sorrows in Kalua'aha. During the Mass, the Celebrant Bishop held the chalice Father Damien used.

An evening interdenominational service at the Kaunakakai Ball Field offered the entire community of Molokai to celebrate the life of devotion and the hope, faith and purpose St. Damien gave to the exiled leprosy patients in the mid-1800's.

Centerpiece of the celebrations is the same koa box which carried Damien's relic right hand, wrapped in finely made kapa to it's resting place in Kalawao, Damien's original grave next to the third church on Molokai he built.

Of the five churches on Molokai Damien built, St. Joseph's and Our Lady of Sorrows still remain. St. Sophia Church, in Kaunakakai, Father Guerrero invited the community for personal prayer with St. Damien's relic before it was walked down the pali to Kalaupapa on Saturday morning.

The relic reached Kalaupapa on Saturday, carried down the pali trail by students from Damien High School in Honolulu. At Kalaupapa, the relic was welcomed by about a dozen patients still living on the remote peninsula, some who had travelled to Brussels and Rome, and who had prayed for the Blessing and subsequent Sainthood. The state of Hawaii stopped exiling patients to Kalaupapa in 1969.

The Rev. Lane Akiona, a member of the Sacred Hearts congregation that Damien belonged to, said the relic will push people to follow in his path. "It challenges us as members of his order to be as courageous as he was, even when it means that we will be alone," said Lane, the pastor of St. Augustine Church in Waikiki.

Damien's body is interred in a marble tomb in Belgium, where it was taken in 1936 after being exhumed from his original Kalaupapa grave. Damien's right hand, was returned to Hawaii and reburied in Kalaupapa after he was beatified in 1995. Church leaders picked Damien's right hand to bring back because it's the one he used to bless, care for, and bandage the sick.

On Sunday, church officials held Mass at the Cathedral of Our Lady of Peace where Damien was ordained in 1864. The koa box containing the relic was then taken to Iolani Palace. After a service by difference religious faiths, the relic will be held at the Cathedral of Our Lady of Pace. St. Damien's Feast Day is celebrated on May 10.

Another Federal judge squirms out of Obama Trial

Keyes vs. Obama Case# 8:09-cv-82 DISMISSED October 29, 2009.

email: dr_taitz@yahoo.com Urgent? Call: 949-683-5411

Yep. Judge Carter dismissed the legal challenge to Obama without cause.

Dr. Alan Keyes, a 2008 Presidential Candidate, former Ambassador AND a Natural Born American Citizen and a real African-American and Christian who is eligible, is the plaintiff in this lawsuit to compel Barack Obama to provide his documents proving eligibility or resign. Keyes' complaint is that Obama is the son of a foreigner, so is NOT a "natural born citizen", and is an Arab-African (Barack and Hussein are both Arabic names), and Obama was a practicing Muslim.

There is no lawful reason in judge Carter disallowing the discovery that Keyes' attorney Dr. Taitz demanded as a matter of law and legal procedure. By circumventing due process, on a properly filed motion actually places judge Carter in contempt of the law. I know that I am speaking for all Americans and more specifically our service men and women who are being sent into battle and taking orders from Obama who they know is a Usurper to the office and not lawfully their commander and chief.

Quote from: Obama "I have nothing to hide but I'm hiding it."

In the birth certificate cases, all that is needed is for the case to be heard. This case will be over in the "discovery" phase. Before a trial starts both sides are required by court to put all their cards on the table to avoid "trial by ambush". The Federal Courts call this an Omnibus Hearing. The judge orders all evidence to be presented by both sides. Since this case is about discovering documents that are hidden the case will be decided by court ordered presentation of all relevant records. Lawyers in birth certificate cases don't need to win a trial, just get discovery.

Happy Birthday United States Marine Corps.

This November 10th, we will be celebrating 234 years of honorable, tenacious, service, to the United States of America, but in Obama's Socialist climate, I'm just hoping that we can last through 235 years.

The capitulation over this Obama-war in Afghanistan, is needlessly costing American lives and treasure. The negligent, and deleterious rules of engagement spell suicide for American troops while reinforcements acting under these same witless rules, will only spill more American blood. While Obama is off gallivanting across the globe, feeding his meg la maniacal, narcissistic ego, with illusions of grandeur, Marines, and soldiers, die in Obama's continued unlawful WAR.

In ten short months, this president for "change," has managed to wreck havoc on the United States. Most American citizens wonder which side Obama is on.

Obama has allowed the same Wall Street Banksters who artificially manipulated our economy to crash the banking industry, to regulate, craft laws, and dictate policy to bail themselves out so they can walk free on the streets again.

Obama, who pledged not to raise taxes on the middle class during his political campaign, is trying to bust out every American family with hare-brained tax schemes, such as Cap and Trade, and our entire Health Care System for the benefit of a few cohorts, rather than promoting programs for the common good.

Obama has managed to scare the Hell out of American families over the H1N1 Flu insanity that doesn't begin to amount to pandemic. Its FALSE FLAG 9/11.

We are now finding out that Obama's 800 Billion Dollar Stimulus Package meant to jump start the economy, and create jobs to supplement the millions of jobs we are losing to his globalist pals, was just another rip off scam to steal money off of the tax payers, their children, and future American children. The benefits paid out from this failed Stimulus Package went mostly over seas to bail out foreign countries, and to promote jobs for foreign workers, using United States citizens hard earned tax money, and he over turned a travel ban against people with HIV, so they can come here to contaminate our society, and collect free health care.

And, American's are becoming squeamish over Obama's Socialist regime that stifles any form of legitimate dissent.

An American hero is Keys' attorney Dr. Orly Taitz, who stepped up to try to save the nation from a Constitutional crisis of the Obama usurpation of Office. Dr. Taitz is a naturalized American citizen who has lived in oppressive countries and witnessed Communist dictatorships first hand, and she filed several law suits against Barack Obama's Constitutional eligibility to serve as President of the United States and Commander In Chief spilling American blood in unjust wars.

But Judge David O. Carter, stated that he would hear the case on it's merits, and if the president wasn't Constitutionally eligible, he would have to leave office.

This was good news for the millions of American's who want to return our country back to sanity, and not be subjected to a corrupt regime governing unlawfully, and against the will of the people.

The Obama Department of Justice Attorneys brought up every trick in the book to try and persuade Judge Carter to dismiss this case. It appeared the judge as not swayed by these shysters arguments, he ordered a trial date for January 26th, 2010. But the Devil was behind the scenes.

What wasn't known to the people was that on October 1st, Judge Carter employed one Siddharth Vellamoor, as his new law clerk, an associate of Perkins Coie LLP, where Robert Bauer is a partner in the law firm. Robert Bauer is the husband of Anita Dunn, the Obama's Communications Director, and he was recently chosen to become the White Houses Chief Legal Counsel.

On October 29th, Judge Carter dismissed Dr. Taitz case, "Barnett v Obama," in what Dr. Taitz described as a radical change in Carters demeanor.

Did Judge Carter rule on the merits of the case, or was he influenced by the Obama team who has spent over \$1.4 Million dollars to stop anyone from seeing any actual identification documents?

Judge Carter took an Oath for this country only to turn his back and avoid the question of Obama's eligibility as Obama is Not a Natural Born Citizen as required by the Constitution for the United States of America.

Obama is a Fraud and a Usurper. He has thirty-eight or more social security cards, he has falsified his selective service records, he has sealed his college records from Occidental College which shows he came to the school on an Indonesian scholarship. He traveled to Pakistan on an Indonesian Passport as an adult and entered the United States as an Indonesian Student. There is no record of him ever applying for U. S. Citizenship. [Remove Obama will take a REVOLUTION]

Defense against Fascist Cops

Huka wai i ke pili !

Wake up American Citizens: Enforce the Bill of Rights!

The motto of Hawaii has been "Ua Mau Ke Ea O Ka `Aina I Ka Pono" which translates to "The Life/Sovereignty of the Land is Perpetuated in Righteousness".

So, why must we now fear the cops? We hire police officers to assist us in enforcement of laws against crimes such as theft, property damage, misuse of force including murder. But too often now we see abuses of authority and misuse of force by our hired servants acting like a well dressed and armed gang that routinely intimidates, harasses, terrorizes, extorts, assaults, and imprisons people who have committed neither used force nor fraud against anyone; then, cops cover it up if at all possible saying it is the way they are trained to act. If they are exposed with video, e.g., recent assaults by cops on people in wheelchairs on the mainland and on Molokai, they might get their PR people to make apology press.

But, there's a big difference between someone being sorry because he did something wrong, and someone being sorry that he got CAUGHT. So my question for today is, when "law enforcement" punishes one of their own who acted as criminal fascists against American Citizens, is it because they're actually AGAINST police misconduct, or just because they're trying to save face?

Examples: for 15 months after the Nazis in Stark County, Ohio, forcibly restrained and stripped an innocent woman as she screamed for them to stop, there was NO remorse from the fascists involved, or from the department as a whole, until the abuse drew huge public attention. Then suddenly the Sheriff asked the Ohio DA to investigate the case. The same is true of the gang of fascists who shot rubber bullets at the lady holding the "fear totalitarianism" sign at a protest. How do I know that? Because of the fascists' own video of their debriefing meeting afterwards, where they all cheered and laughed about having shot her causing painful injuries. They sure didn't look sorry about it.

The sheriff's deputy who dumped a quadriplegic from his wheelchair, in full view of the security cameras. Clearly this was a criminal fascist assault and battery. After the video appeared on YouTube, the head of that department quickly apologized profusely, saying he doesn't want the public thinking this is normal or acceptable behavior among his officers. Should I believe him? No, because the OTHER fascists standing right there as it happened just laughed, no reports. They don't even flinch. Just another day at the office.

Ok, I know that sometimes force, even deadly force, is necessary and justified. When I hear that a cop beat someone, or shot someone, I don't immediately condemn him. I ask, "Why?" If he had to use violence to protect someone innocent, that's good, just as it would be if I used force against a criminal.

But these cops recently exposed seem to DELIGHT in it. Good people don't like inflicting pain on others, even when it's necessary; and good cops would arrest a fellow cop on the spot for such behavior. Where is their outrage, now?

Today, some cops will forcibly drag you from your car, and then arrest YOU for "resisting arrest," "obstruction of justice," and "assaulting" a police officer.

Sure, there are lots of good cops, I know some of them. But I worry about them too because, I never heard THEIR outrage about such fascist criminality. Why isn't MPD chief Thomas Phillips impeached from office and prosecuted for such crimes as misprison? If you're in a gang that routinely intimidates, harasses, terrorizes, extorts, assaults, and imprisons people who have committed neither force nor fraud, don't tell me that you're really a good police officer. You aren't. If you want to prove that you give a damn about the law and justice, air the dirty laundry and clean your own house to earn public confidence and support. Do it soon because, Justice is coming!

"A well regulated militia being necessary to the security of a free State, the right of the people to keep and bear arms shall not be infringed."

Wake up militia! Use it , or lose it ! Got your gun, yet?

"...with a firm reliance on the protection of Divine Providence, we mutually pledge to each other our lives, or fortunes and our sacred honor."

(Unanimous Declaration of Independence)

If you will not fight for the right when you can easily win without bloodshed, and, if you will not fight when your victory will be sure and not too costly, you may come to the moment when you will have to fight with all the odds against you and only a precarious chance of survival. There may even be a worse case. You may have to fight when there is no hope of victory, because it is better to perish than live as slaves.

"Those who make peaceful change impossible, make violent change inevitable." -- Robert F. Kennedy

Enforce the Bill of Rights !

"And how we burned in the camps later, thinking: What would things have been like if every Security operative [insert your favorite alphabet Gang DEA, BATFE, H.S., TSA, FBI, IRS, NSA, CIA, LEOs etc. here], when he went out at night to make an arrest, had been uncertain whether he would return alive and had to say goodbye to his family? Or if, during periods of mass arrests, as for example in Leningrad, when they arrested a quarter of the entire city, people had not simply sat there in their lairs, paling in terror at every bang of the downstairs door and at every step on the staircase, but had understood they had nothing left to lose [neither do you now] and had boldly set up in the downstairs hall an ambush of half a dozen people with axes, hammers, pokers, or whatever else was at hand. The Organs would very quickly have suffered a shortage of officers and transports and, notwithstanding all of Stalin's thirst; the cursed machine would have ground to a halt!" -- The Gulag Archipelago, Aleksandr Solzhenitsyn

Gun Rights Refresher

1. An armed man is a citizen. An unarmed man is a subject.
2. A gun in the hand is better than a cop on the phone.
3. If guns cause crime, then pencils cause misspelled words.
4. "Free" men do not ask permission to bear arms.
5. If you don't know your rights you don't have any.
6. Those who trade liberty for security have neither.
7. What part of "shall not be infringed" do you not understand?
8. The Second Amendment is to enforce the other 9 Amendments.
9. 64,999,987 firearms owners killed no one yesterday.
10. Guns only have two enemies; rust and politicians.
11. Know guns, know peace, know safety.
12. No guns, no peace, no safety.
13. You don't shoot to kill; you shoot to stay alive.
14. 911 - government sponsored Dial-a-Prayer.
15. Assault is a behavior, not a gun device.
16. Criminals love gun control -- it makes their jobs safer.
17. If guns cause crime, then matches cause arson.
18. Only a government that is afraid of citizens prohibits guns.
19. You only have the rights you are willing to fight for.
20. Remove the people's right to bear arms, you create slaves.
21. The American Revolution was about gun control.

Crimes of Politicians Must Be Stopped by The People (You are The Militia)

The crime on our streets is a tiny fraction of the crime in the offices of our politicians and bureaucrats - the massive majority of crime is committed by the criminal class in power. Just look at the constant abuse of power in our State government offices and you will realize the extent of crime in Government. Just consider just how many BILLIONS of dollars a day Government extorts from the people and how little WE get in return; and just how comfortable the politicians make themselves at the expense of the peoples they extort!

The goal of the founders of America was to restrict government within severe limits and to protect the rights of sovereign individuals. Government has NO rights!

Judges are impeachable. Furthermore, judges may be removed immediately for violating oaths of office, involvement in conspiracies, extortion, and failing to uphold their duty to the common law. Judges can also be arrested, they are not exempt from this nor are any other officials, including the President of the United States.

Do the people have the power to do this? Yes, the people have the power to do everything to defend our country against all enemies foreign or domestic politician, and government has no power to say otherwise. Fascist bureaucrats might send out its armed marauders, but a huge group of The People (Militia) armed with guns as guaranteed their Right to keep and bear arms by the 2nd Amendment is likely to stop them unless the governments decide that it is time to begin mass killings of all people who believe in the rights of Man. **Wake up ! Obama's Blackwater War in Afghanistan and Iraq Exposed: Its a PRIVATE operation!??

Blackwater's web of connections includes a Who's Who of former CIA officials who are being retained by Obama to conduct deadly operations covertly that are totally forbidden by the Constitution for the United States of America. And that's just one company in a sea of "private contractors"

Some parts of Blackwater's clandestine racketeering for the CIA have begun to leak out from behind the iron curtain of secrecy. The company's role in the secret assassination program and its continued involvement in the CIA drone attacks that occur regularly in Afghanistan and Pakistan have become front page material in the foreign news media. There is much more to this racketeering story than has been reported to Congress and to American Citizens.

Blackwater offered "foreign" operatives to work on the CIA assassination program for Obama. Blackwater told Obama's CIA that it "could put people on the ground to provide the surveillance and support — all of the things you need to conduct an operation," a former senior CIA official familiar with the secret program told The Associated Press. If that's true, those foreign individuals would appear to have been privy to information that former vice president Cheney and other US officials deemed not appropriate for Congressional ears, not to mention oversight.

When you hear reports that a "private" company was hired by Obama to do clandestine work, remember that this particular "private" company, Blackwater, is, in part, being run by CIA/FBI Agency veterans, including several of the top people running the torture and assassination programs under Bush. At the end of the day, using Blackwater and/or other companies represents taking covert, lethal operations even further away from anything vaguely resembling oversight by the Congress. By using ex-Agency people instead of "current" Agency personnel, yet another barrier is thrown up to block public info, and the case for "plausible deniability" becomes stronger for Obama et al to cover their okole's.

That is why it is essential that Congress dig deep into all aspects of the CIA assassination program and Blackwater's total involvement. But it is important to remember that it is so much bigger than this one company and certainly bigger than one clandestine program, and all hidden by Obama from American Citizens.

Office of National Intelligence records show that the Bush/Obama regime spends some \$42 billion annually on private intelligence contractors, up from \$17.5 billion in 2000. That means 70 percent of the US intelligence budget is going to private companies. "This is the magnet now. Everything is being attracted to these private companies in terms of individuals and expertise and functions that were normally done by the civil service intelligence community," former CIA division chief and senior analyst Melvin Goodman reported. "My major concern is the lack of accountability, the lack of responsibility. The entire industry is essentially out of control. It's outrageous."

Total Intelligence, which opened for business in February 2007, is a fusion of three entities bought up by the Blackwater's Prince: the Terrorism Research Center, Technical Defense and The Black Group—Blackwater vice chair Cofer Black's consulting agency. The company's leadership reads like a Who's Who of the CIA's "war on terror" operations after 9/11. In addition to the twenty-eight-year CIA veteran Black, who is chair of Total Intelligence, the company's executives include CEO Robert Richer, the former associate deputy director of the agency's Directorate of Operations and the second-ranking official in charge of clandestine operations.

Total Intelligence's chief operating officer is Enrique "Ric" Prado, a twenty-four-year CIA veteran and former senior executive officer in the Directorate of Operations. He spent more than a decade working in the CIA's Counterterrorist Center and ten years with the CIA's "paramilitary" Special Operations Group. Prado and Black worked closely at the CIA. Prado also served in Latin America with Jose Rodriguez, who gained infamy late last year after it was revealed that as director of the National Clandestine Service at the CIA he was allegedly responsible for destroying videotapes of torture of prisoners, during which "enhanced interrogation techniques," were used. Richer recalled many conversations with Rodriguez, about the tapes. "He would always say, 'I'm not going to let my people get nailed for something they were ordered to do,'" Richer said of his former boss.

The leadership of Total Intelligence also boasts of goons drawn from the Drug Enforcement Agency and the FBI to operate the main office in Arlington, Virginia. Its "Global Fusion Center," complete with large-screen TVs broadcasting international news channels and computer stations staffed by analysts surfing the web, "operates around the clock every day of the year" and is modeled after the CIA's counterterrorist center, once run by Black.

Black and other Total Intelligence executives have turned their CIA careers, reputations, contacts and connections into business opportunities. It is not difficult to imagine clients feeling as though they are essentially hiring the US government to serve their own interests. In 2007 Richer told the Post that now that he is in the private sector, foreign military officials and others feel I am a "business partner."

War is good for business!??

In a 2007 interview on the cable business network CNBC, Black was brought on as an analyst to discuss "investing in Jordan." With no hint of the brutality behind the exodus, Black argued that the flood of Iraqi refugees fleeing the violence of the US occupation was good for potential investors in Jordan. "We get something like 600, 700,000 Iraqis that have moved from Iraq into Jordan that require cement, furniture, housing and the like. So it is a— it is an island of growth and potential, certainly in that immediate area. So it looks good," he said. "There are opportunities for investment. It is not all bad—there is opportunity in everything. That's why you need situation awareness, and that's one of the things that our company does. It provides the kinds of intelligence and insight to provide situational awareness so you can make the best investments."

So, criminal racketeering DOES pay big, really really big for Obama-nation!
