Kioea is "Officially" Molokai's

Yes! Molokai now has an "official" bird proclaimed by government officials who named the kioea [Bristlethighed Culew, *Numenius tahitiensis* is the scientific name]. The kioea is one of the rarest shorebirds in the world. Adults breed in Alaska and return with babies in late spring. Most of the birds seen are young because they remain on Molokai until they are mature and ready for long trip to Alaska. So, Molokai is now the first district in Maui to get an "official" bird.

The ceremony took place at Kaunakakai Elementary School because the kioea bird is often seen and heard from the Duke Maliu Park next to the school.

Puu O Hoku Ranch vs John Dudoit, et al: Summary Judgment Granted, Evidence Excluded, Stricken

At court hearing on Maui October 21, attorney for Lavinia Currier dba Puu O Hoku Ranch, Ltd were granted Summary Judgment against Defendants listed on court records as Robin Dudoit, Leimana Naki, Palmer Naki, Shrene Naki, Florence Kong, and Solomon Kong. [see case Civil No. 11-1-0124-3].

Puu O Hoku Ranch owner Lavinia Currier's attorney Craig Nakamura et al filed their Complaint and Summons against the Halawa Valley Defendants regarding unapproved structures purportedly on Lavinia Currier's Ranch lands: "...this action involves basically some people that are occupying the beach on almost a permanent basis. They've erected permanent structures.....tent like structures that they're erecting on my client's property, clearly my client's property. And I think they do so on the mistaken belief that they have title to the property. And when asked to remove the permanent structures, they've refused and they've actually blocked my client's efforts to do that....and, it's an untenable situation that we can't allow to continue, your Honor, that's why we're proceeding in this matter. We have evidence to show that, and provided evidence that my client has clear title to the property. No evidence has been provided to the contrary.....they are trespassing on the property, and we are entitled to have them removed, and that's the case in summary, your Honor," stated POH attorney Craig Nakamura according to the official transcript.

Summary Judgment is granted by law when "...there are no genuine issues of material fact,...If there are no opposition pleadings in this instance... [he] would be granting of the motion for summary judgment," stated judge Cardoza.

Dudoit Defendants presented two documents in opposition, which the judge summarized as claiming "...the land question is owned by the Kingdom of Hawaii." The judge opined that the records indicate that the Kingdom of Hawaii caused the lands in question to be conveyed to private parties long before the 1893 Overthrow, and leading up to ownership by Puu O Hoku Ranch, Ltd. Thereafter, Cardoza granted Summary Judgment. Lavinia's attorney also requested costs and fees against Defendants.

Inexplicably, Paul Kauka Cullen, who filed an Answer to the Complaint and Summons and stating his unbroken title to the land in question and other surrounding lands in opposition to Lavinia's Currier's claims, was excluded as a Defendant, and not allowed to speak, and not allowed to submit his certified evidence proving genuine issues of material facts in this case. When Cardoza refused to recognize him as a Defendant Party in this case, he tried to show the judge his court filed documents with the judges initials on them, to no avail. He has filed an Emergency Motion to re-consider and move hearing venue to Molokai where the law provides when the lands, Defendants, Plaintiffs are all located.

Hanabusa Wipes Out History of Prince Kuhio and Wilcox

In a September 7 email to supporters, Colleen Hanabusa falsely identified Dan Akaka as the "first person of Native Hawaiian ancestry to serve in the House." Later that day, Richard Rapoza, Director of Communications for the Hanabusa campaign sheepishly admitted: "In our email we said that Senator Akaka was the first person of Native Hawaiian ancestry to serve in the U.S House of Representatives. That honor actually belongs to Jonah Kuhio Kalaniana'ole, known in Hawai'i as Prince Kuhio, who served as Hawai'i's elected delegate to Congress from 1903 until 1922."

E kalamai? Hanabusa still has it wrong! The first native Hawaiian Congressional Representative was Robert Wilcox of the Home Rule Party who served as Hawaii's Territorial Representative from November 6, 1900 – March 3, 1903. Wilcox was followed in office by the second native Hawaiian Representative, Prince Jonah Kuhio Kalaniana'ole (R) who served from 1903 until his death January 7, 1922.

In addition to Prince Kuhio and Robert Wilcox, there were three other native Hawaiian delegates:

- William Paul Jarrett (D) Territorial Delegate to Congress 1923 – 1927
- Victor Stewart Kaleoaloha Houston (R) Delegate to Congress 1927-33
- Samuel Wilder King (R) Territorial Delegate to Congress 1935 – 1943

So Dan Akaka was sixth, not first. But in fairness we should point out that Dan Akaka was first to declare that Hawaiians are really an Indian Tribe.

Samuel Wilder King would become the first native Hawaiian Governor of the Territory of Hawaii from 1953-57.

State Highways Chem Spray is Threat to Aloha Aina

Dear Editor,

I am disappointed with what the State is doing to our la'au and marine life when the roadside weed spraying herbicide chemicals reaches our water table and flows down to the ocean. I've called them many times before to stop spraying these chemicals on the road sides, but they ignore the complaints and do what they please. I'm worried about our future when my mo'puna's wouldn't have any la'au and marine life if they keep spraying these chemicals.

Is spraying herbicide chemicals a form of population reduction? Is this how they treat tax payers of the State? Is this what they do if they can't get their way by dictating what they can do and what we cannot do?

I know this might sound hard way to control weeds on roadside, but it's good exercise: they need to grab a pick or shovel and hana hana ka aina. They have to do this so we can preserve what is left with our herb and spices that we collect everyday. In the ocean, we gather huluhuluwaina, opae, and oama, etc.

On land we gather uhulua, wild basil, bay leaf, Tinehi, kekania, koli (castor bean), etc. We gather enough to take home and use. We're not here to make any problems with the State of Hawaii, we ask for the State of Hawaii to respect our way of living so our people can live on as Kanaka Maoli.

In my yard, I farm uhulua, popolo berries, tinehi, noni, bay leaf (which is right next to the road side), basil, ulu, taro, guava, banana, star apples, mountain apples, several varieties of citrus trees.

I'm a big tax payer, so please don't come into my neighborhood at Ohia by WaveCrest and do what you please. Remember Federal, State and county, based on the U.S. Constitution, exist to service and assist your citizens at all times.

Aloha Kekahi I Kekahi,
Mrs. Z. Kalipi

Obama's Birth Cert. Hearing Nov. 30

Putative "president of peace" Barack Obama has not yet had his day in court to prove he is a natural born American citizen, and his birth records don't exist or he and Hawaii DOH are obstructing public knowledge.

Birther lawyer Orly Taitz announced that her next hearing on obstruction by Hawaii Dept. of Health of Obama's birth records is again before judge Nishimura on November 30, 2011 at 10 am. First circuit court. Public invited to demand the truth about BO !

OBAMA Predictable SCANDALS

The media finally conceded the Obama administration to be inexperienced and inept, reminiscent of the Carter administration — but, they maintained, not possibly involved in any corruption. Then suddenly scandals erupted on nearly every conceivable front: the crony-capitalist half-billion-dollar loan guarantee to a now bankrupt Solyndra; the Fast and Furious gun deal, in which, in lunatic fashion, the U.S. government sold deadly automatic weapons to Mexican drug-cartel killers; the administration's pressure on a four-star general to fudge his testimony as a favor to a big campaign donor whose suspect company, LightSquared, was doing business with the Pentagon; and the politically inspired dropping of investigations by the Civil Rights Division of the Justice Department.

The administration got itself into these messes because it customarily counts on a medieval notion of compartmentalized exemption. In the 2008 campaign, Barack Obama's loud and welcomed hope-and-change promises to end insider influence, lobbying, and earmarks were essential to his well-crafted image of the outsider reformer. Once that liberal narrative was embraced by the media, few seemed to care whether the other, cynical Obama was the first candidate in the history of public financing of presidential campaigns to renounce the program — in order to maximize his campaign stash, much of it pouring in from firms like Goldman Sachs and BP.

OBAMA's FICTIONALIZED FAMILY

In November 2009 President Barack Obama toured China on an official state visit. During that tour, Obama spent roughly five minutes with his half-brother, Mark Ndesandjo, and Ndesandjo's Chinese wife.

Ndesandjo, the son of Barack Obama Sr. and his American-born wife Ruth Baker, had been living and working in China since 2002. CNN did a short piece on his meeting with the president.

What this clip reveals is Obama's chronic failure to keep his story straight. It is obvious: Much of Obama's biography has been fictionalized, and much of that fiction has been written by other people. As a result, Obama appears not to remember what has been written under his name.

In his 1995 memoir, "Dreams from My Father," Obama in 1988 first trip to Africa, but in his 2006 visit to Kenya, however, Obama spoke to a large gathering at a Kenyan University and placed his first visit to Africa in 1987. But, website Africa.com traces Obama's first Kenyan visit to 1983, the summer after college graduation, "when he had come to mourn his late father." [BO Sr RIP 1982]

As Obama tells the story in "Dreams" — and nowhere else — he spent eight weeks on this first journey, an inexplicable luxury for a chronically broke young man no matter what the year.

This kind of fictionalization would not be particularly troubling were it an anomaly. It is not. It is the norm. No one really knows where the lies begin and end. No one has presented authenticated records even of his birth place, though all of Kenya seems to know he was born at Mombasa Hospital in Kenya.

In March, 2007, the New York Times reported four principal owners of SkyTerra (and friends of Obama), had raised more than \$150,000 for Obama since 2004. When questioned about his investment, Obama claimed he had opened a blind trust and "had no knowledge of any stockholding [sic.] with this account at any time." He explained, "After I got [sic.] my [\$1.9 million] book contract, I had money to invest," insinuating that his investment in a company principally sponsored by political allies was mere coincidence. Obama later sold his investment at a loss after assessing the potential political ramifications.

On September 15, 2011, LightSquared Chairman and CEO, Sanjiv Ahuja issued a defensive statement on its website, Lightsquared.com, saying it is "ludicrous to suggest LightSquared's success depends on political connections." During the hearing the same day, House Armed Forces Subcommittee Chairman Michael Turner, R-Ohio, took the opposite opinion, chastising the administration for approving LightSquared proposals and reprimanding FCC Chairman Julius Genachowski for both granting a January 26 waiver to LightSquared, and failing to show up at the hearing to "discuss the significant harm to national security that may result from the FCC's action."

Promising a "possibility of real change" while speaking about campaign finance reform during a speech in 2008, Obama complained that, "special interests drown out the voices of the American people and will continue to erode our politics."

Mission accomplished. Mission accomplished

Obama may not have read his own book, at least not recently. How could he forget the two poignant, detailed visits with a new-found brother, visits that consume three pages of book space? Maybe it never happened as he purports?

So far, given the media's indifference to the truth, it has not really mattered. That may change.

More of the same, coming out of Obamaland. He says one thing and does the opposite in his actions. He had proven time and time again that he cannot be trusted. He lies and contradicts himself continuously. The one good thing is he has awakened the proverbial sleeping giant. In this case it was the Tea Party that started the ball rolling and has kept the flame of our Founding Father's Ideals burning, bringing them from a spark to open flames once again. The fires of freedom and love of Country have once again burst forth and are rapidly spreading all across this great land. My hope is that they continue to blaze and consume the hearts of patriots with the burning ideals of "One Nation under God, with Liberty and Justice for All ". God Bless America, and may this peaceful revolution continue until we return to all that has made us the greatest country the world has ever seen. God Bless America! Enforce the Bill of Rights !

Gun CC Recognition Bill !

Pro-gun concealed carry recognition bill, H.R. 2900, allows law-abiding citizens who can legally carry concealed in their home state to carry Nationwide.

Titled "The Secure Access to Firearms Enhancement (SAFE) Act," it recognizes that constitutional rights do not become null and void at the state line.

The SAFE Act recognizes that while CCW permits are the "norm" in most states, constitutional carry is the ideal because the 2nd Amendment does NOT require any permits. Vermont is a constitutional carry state. Vermont had it right for over a century. Any person can carry a concealed firearm—whether they are a resident of the state or not—except for use in the commission of a crime. No registration, no paperwork, no arbitrary denials by anti-gun bureaucrats.

Vermont consistently ranks among the safest states in the country.

And other states are finally starting to follow suit. Three states (Alaska, Arizona, and Wyoming) have passed constitutional carry laws for their own citizens. Texas passed a modified version, allowing for a concealed firearm anywhere inside one's vehicle, including motor homes. And since 1991, constitutional carry has been allowed in more than 99% of the state of Montana.

However, reciprocal agreements between states are written in such a way that an actual permit is still required in order to carry concealed from state to state, or there is NO way to legally carry concealed in another state. The SAFE Act addresses this issue in a way that respects the Constitution and in a way that recognizes the unalienable right to defend one's life—without needing a permit from the government.

The SAFE Act also respects the Constitution and states' powers in that it does NOT establish national standards for concealed carry, nor does it provide for a national carry permit or require a state like Vermont to move to a permit system (in order for its citizens to carry out-of-state). This bill simply allows citizens who are able to carry in their home state, to also carry in every other state that allows concealed carry.

Another important distinction is that Rep. Broun's bill, unlike other legislation being debated in Congress, does not rely on an expansive, erroneous interpretation of the Commerce Clause. The SAFE Act instead recognizes the "full faith and credit" protection that is guaranteed in Article IV of the Constitution.

Constitutionally-protected rights, including the right to self-defense, do not disappear at the state line. Rep. Broun's SAFE Act will simply allow lawful gun owners who have the right carry concealed firearms in their home state to also carry in other states.

In Hawaii, where all the police chiefs are violating the state laws that allow concealed carry by a conspiracy to refuse to issue CC licenses to law abiding citizens. They do that because Hawaii law says "may issue" not "shall issue" permits. With this bill, we can go to a Mainland state, get a permit to carry concealed, return to Hawaii, and carry a gun.

ACTION: Please contact your Representative and urge him or her to cosponsor Rep. Broun's SAFE Act.

The Constitution for the United States of America the Supreme Law of the Land is the written law for executing the limited and enumerated GOVERNMENT authorities and OPERATIONS and the Citizens© are the governors who "police" [meaning oversee and control and execute] that defined government.

Bill of Rights 2nd Amendment: "A well regulated militia being necessary to the security of a free State, the right of the people to keep and bear arms shall not be infringed."

Wake up militia! Use it , or lose it ! Got your gun, yet?

"...with a firm reliance on the protection of Divine Providence, we mutually pledge to each other our lives, or fortunes and our sacred honor."

(Unanimous Declaration of Independence)

If you will not fight for the right when you can easily win without bloodshed, and, if you will not fight when your victory will be sure and not too costly, you may come to the moment when you will have to fight with all the odds against you and only a precarious chance of survival. There may even be a worse case. You may have to fight when there is no hope of victory, because it is better to perish than live as slaves.

"The people cannot delegate to government the power to do anything which would be unlawful for them to do themselves."- John Locke

"Those who make peaceful change impossible, make violent change inevitable." -- Robert F. Kennedy

"Rebellion against tyrants is obedience to God." T.J.

Enforce the Bill of Rights !

"And how we burned in the camps later, thinking: What would things have been like if every Security operative [insert your favorite alphabet Gang DEA, BATFE, H.S., TSA, FBI, IRS, NSA, CIA, LEOs etc. here], when he went out at night to make an arrest, had been uncertain whether he would return alive and had to say goodbye to his family? Or if, during periods of mass arrests, as for example in Leningrad, when they arrested a quarter of the entire city, people had not simply sat there in their lairs, paling in terror at every bang of the downstairs door and at every step on the staircase, but had understood they had nothing left to lose [neither do you now] and had boldly set up in the downstairs hall an ambush of half a dozen people with axes, hammers, pokers, or whatever else was at hand. The Organs would very quickly have suffered a shortage of officers and transports and, notwithstanding all of Stalin's thirst; the cursed machine would have ground to a halt!" -- The Gulag Archipelago, Aleksandr Solzhenitsyn

Gun Rights Refresher

1. An armed man is a citizen. An unarmed man is a subject.
2. A gun in the hand is better than a cop on the phone.
3. If guns cause crime, then pencils cause misspelled words.
4. "Free" men do not ask permission to bear arms.
5. If you don't know your rights you don't have any.
6. Those who trade liberty for security have neither.
7. What part of "shall not be infringed" do you not understand?
8. The Second Amendment is to enforce the other 9 Amendments.
9. 64,999,987 firearms owners killed no one yesterday.
10. Guns only have two enemies; rust and politicians.
11. Know guns, know peace, know safety.
12. No guns, no peace, no safety.
13. You don't shoot to kill; you shoot to stay alive.
14. 911 - government sponsored Dial-a-Prayer.
15. Assault is a behavior, not a gun device.
16. Criminals love gun control -- it makes their jobs safer.
17. If guns cause crime, then matches cause arson.
18. Only a government that is afraid of citizens prohibits guns.
19. You only have the rights you are willing to fight for.
20. Remove the people's right to bear arms, you create slaves.
21. The American Revolution was about gun control.

Crimes of Politicians Must Be Stopped by The People (You are The Militia)

The crime on our streets is a tiny fraction of the crime in the offices of our politicians and bureaucrats - the massive majority of crime is committed by the criminal classes in power. Just look at the constant abuse of power in our State government offices and you will realize the extent of crime in Government. Just consider just how many BILLIONS of dollars a day Government extorts from the people and how little WE get in return; and just how comfortable the politicians make themselves at the expense of the peoples they extort!

The goal of the founders of America was to restrict government within severe limits and to protect the rights of sovereign individuals. Government has NO rights!

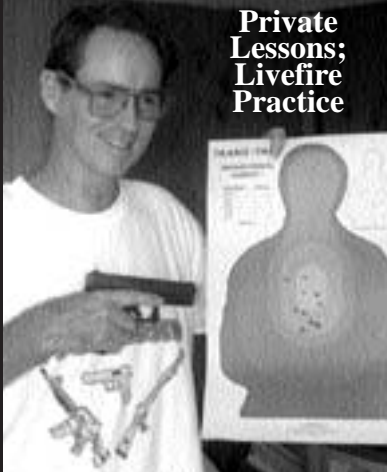

Judges are impeachable. Furthermore, judges may be removed immediately for violating oaths of office, involvement in conspiracies, extortion, and failing to uphold their duty to the common law. Judges can also be arrested, they are not exempt from this nor are any other officials, including the President of the United States.

Do the people have the power to do this? Yes, the people have the power to do everything to defend our country against all enemies foreign or domestic politician, and government has no power to say otherwise. Fascist bureaucrats might send out its armed marauders, but a huge group of The People (Militia) armed with guns as guaranteed their Right to keep and bear arms by the 2nd Amendment is likely to stop them unless the governments decide that it is time to begin mass killings of all people who believe in the rights of Man.

Wake up ! Enforce the Bill of Rights !

"A well regulated militia, being necessary to the security of a free state, the right of the people to keep and bear arms shall not be infringed." Exercise the 2nd Amendment.

Socialism FAILS

An economics professor at a local college made the statement that he had never failed a single student before, but had once failed an entire class.

That class had insisted that socialism worked and that no one would be poor and no one would be rich, a great equalizer.

The professor then said, "OK, we will have an experiment in this class on socialism. All grades would be averaged and everyone would receive the same grade so no one would fail and no one would receive an A.

After the first test, the grades were averaged and everyone got a B.

The students who studied hard were upset and the students who studied little were happy.

As the second test rolled around, the students who studied little had studied even less and the ones who studied hard decided they wanted a free ride too so they studied little.

The second test average was a D! No one was happy.

When the 3rd test rolled around, the average was an F.

The scores never increased as bickering, blame and name-calling all resulted in hard feelings and no one would study for the benefit of anyone else.

Surprise! They all failed, and the professor told them that socialism would also ultimately fail because when the reward is great, the effort to succeed is great but when government takes all the reward away, no one will try or want to succeed.

It could not be any simpler than that.

Here's a profound short little paragraph that says it all:

"You cannot legislate the poor into freedom by legislating the wealthy out of freedom. What one person receives without working for, another person must work for without receiving. The government cannot give to anybody anything that the government does not first take from somebody else. When half of the people get the idea that they do not have to work because the other half is going to take care of them, and when the other half gets the idea that it does no good to work because somebody else is going to get what they work for, that my dear friend, is about the end of any nation. You cannot multiply wealth by dividing it."

## Obama's Homosexual Lobby

Dear George,

There is no doubt the Homosexual Lobby is waging a war for your children and grandchildren.

And the battlefield is the American Classroom.

Just this week a Texas high school suspended a student for saying he was a Christian and "being a homosexual is wrong."

He made the comment because his teacher, who was supposed to be teaching German, forced them all to discuss the morality of homosexuality.

This teacher has a long track record of forcing his leftist agenda onto students.

For this teacher, dissent or disagreement is not allowed. His students are required to be pro-homosexual and accept their perverted lifestyle.

And when he overheard 14-year old Dakota express his opinion on morality, the teacher threw Dakota out of his class and sent him to the principal's office!

Even worse, the school immediately suspended Dakota for several days.

This is an outrage!

The radical Homosexual Lobby is trying to outlaw any dissent to their agenda. They are using schools all over the country to intimidate teachers and students who believe in morality and the Family.

In just the past year: They have tried to pass laws that would force schools to teach children to embrace homosexuality.

...They mandated Lesbian role models for Californian students.

...They tried to stop Tennessee from passing a law limiting classes to only teach the biology of reproduction and leave controversial topics like homosexuality to parents and families.

...They fought to create Thought Control over every child in America.

They have created an environment of fear and oppression.

They want to scare us so that we will not speak out against their perversion.

They have supporters in so many places, cronies who are desperately eager to attack anyone for being Pro-Family.

The Homosexual Lobby is trying to gain complete and total control over our society. But I will never stop fighting for the Family and morality.

With your help, Public Advocate will take back our classrooms and make it safe for students like Dakota to speak freely.

I am happy to say that the school has already reversed their outrageous decision and ended Dakota's punishment due to the over whelming outcry from Americans fed up with this nonsense.

But the fight does not end there. I need your support to fight back the tide of radical homosexual influence.

Together, we can save our classrooms and our children!

For the Family,

Eugene Delgaudio

President, Public Advocate of the United States

Demand that Obama's records be released. Obama is using tax dollars to keep his I.D. concealed. Over 40 lawsuits fought to keep all his records sealed.

**Prosecute the Traitors !**

Obama and the tyrants in Congress will destroy our republic if we let them. We must not be timid. Let's roll !

You cannot legislate the poor into prosperity by legislating the wealthy out of prosperity. What one person receives without working for, another person must work for without receiving. The Obama regime cannot give to anybody anything that the Obama regime does not first take from somebody else.

When half of the people get the idea that they do not have to work because the other half is going to take care of them, and when the other half gets the idea that it does no good to work because somebody else is going to get what they work for, that my dear friend, is the beginning of the end of any nation. You cannot multiply wealth by dividing it. STOP the Socialism, Obama !

## Candidate Question?

By Dear Rep. Mazie Hirono: are you really as ignorant about Obama as your letter portrays? YOU SHOW ME OBAMA's Birth Certificate if you can....Obama released his privacy privilege by letter with his attorney, and its on record, but still DOH Fuddy and AG and Abberblabbercommie refused Federal Court Subpoena to produce it August 8 for inspection by Orly Taitz and two computer experts who can compare it with the forgery scan posted online by Obama and they will declare the truth. But no, DOH refuse to show it, and are ordered to Show Cause hearing September 14, but then Fuddy and AG and Obama get that date delayed until November 21. WHY? Why all this coverup of his BC? Are you SOOoo Stupid ? Sooo ignorant?!! SOOooo CORRUPT !

Get educated, Mazie: Read all issues of MANonline Molokai Advertiser-News at <http://www.MolokaiAdvertiserNews.com> all the way back to 2007 up to 9/21/11, and learn about the Constitution and Obama fraud and TREASON. Mazie, you show me the real Obama Birth Certificate original in DOH records.

FACTS KNOWN BASED on RECORD: There is no birth certificate on file at State of Hawaii DOH, even governor Neil Abberblabbercommie publically announced that he tried to find it at DOH and Archives, but he could not find it. The BC scan posted by Obama is not a simple scan of a real document, dozens of experts have testified that it is a forgery constructed with AdobePhotoShop software, and a rather poor forgery at that with many layers of the construction separable and identifiable. Obama spent millions of dollars keeping his BC hidden.

As Obama said himself, the only people who do not want the truth to be know, are people who have something to hide. Yes, Obama has much to hide, and it amounts to proof of his lack of Constitutional qualification as a NATURAL BORN American Citizen, born of two American Citizen parents. His father was a British Citizen of Kenya. Records from Mombasa Hospital evidence his birth there, not Kapiolani Hospital or Queens Hospital, Hawaii. His mother was too hapai to board the airplane and was denied boarding and had to go to Mombasa Hospital in Kenya where his grandmother Sarah testified she attended his birth.

Impeach Obama, prosecute Obama to prison with all his cohorts for fraud, violating Oath of Office, Conspiracy to violate Constitutional limits re: ObamaCARE, Guns to Mexico, TREASON, Social Security # Fraud, Voter Fraud, Abuse of Power, Usurping Office and Personating a Federal Officer.....etc ETC. O.M.G.= Obama Must Go !!! And, if you know the truth a bout Obama's fraud and crimes but you are not reporting the facts to authorities then you are complicit and you are guilty of felony misprison and you too will go to prison.

sincerely, George Peabody editor for Molokai AdvertiserNews since 1984

## One Question All GOP Presidential Hopefuls Should Have to Answer

By Andrew Davis | 9/21/11

In my senior year of college at Clemson University, I knew nothing about how America truly was founded as a nation. And, I have strong reason to believe few - if any -- of the current GOP presidential hopefuls have any clue, as well.

More important than simply the historical appreciation of the founding of the nation and its government is the understanding of the prevailing philosophies of our Founding Fathers. Just as justices on the Supreme Court will occasionally refer to the "original intent" of those that wrote the Constitution, an understanding of how, and why, our government is formed can play a crucial role in how our current leaders chose to make laws and enforce them. Furthermore, it may also guide them towards eliminating the bureaucracies that have come to inhibit American progress in the centuries since the Constitution was written.

In brief, if the future president doesn't understand why our government is built the way it was (the use of "was" is intentional, in that our current government is distorted reflection of what our Founders intended), they couldn't possibly guide the nation by a constitutional roadmap.

One of the key principles of the Founding of the nation is that government exists only to protect individual liberty. "Wherefore, security being the true design and end of government," writes Thomas Paine in his 1776 essay Common Sense, "it unanswerably follows that whatever form thereof appears most likely to ensure it to us, with the least expense and greatest benefit, is preferable to all others." Fast forward 235 years to present day, and government -- designed to be the protector of rights -- is now the chief violator of them.

How did this come to be? It is the result of more than a century of leadership unfamiliar with the precepts of the founding philosophy of the nation.

It should come as no surprise that with this scarcity of constitutional knowledge, Republicans have forgotten how to lead by the Constitution. They may pay it lip service as a way to get votes from the Tea Party and other constitutionally minded voters, but it's obvious they don't truly understand the purpose or importance of the document.

That is why essays like "The Law That Governments Government," written by ConservativeHQ.com's Richard A. Viguerie and Mark Fitzgibbons, are so profoundly important in today's political conversations (<<http://www.reclaimtheconstitution.com/download>>download a free copy here). Finally, the Constitution is back into discussions about the future of our nation. And, as the essay states, the reclamation of the Constitution "may be the last chance to save America for what it was meant to be."

The one question that every GOP presidential hopeful for 2012 -- and, truthfully, any candidate for public office -- should be forced to answer once and for all is how the founding philosophy of the Constitution defines their principles for how to serve as a public official in the United States.

If the answer isn't a variation of, "restoring the government as a protector of individual liberties, instead of a destroyer of civil liberties, by returning its size and scope back to its constitutionally mandated responsibilities," then they are unfit to hold any office, least of which President of the United States.

# Obama's SSN Fails E-Verify System! Obama is Using Someone Else's Connecticut SSN! Draft Registration Forged & Back Dated to 1980! Why Isn't House Speaker John Boehner Calling for an Investigation?

Putative President Obama is Fraudulently Using a Social Security Number which is Legally Not His and which was Issued only to Residents of the State of Connecticut, a State where Obama Never Legally Resided and Certainly Not During the Time Frame that SSN was Issued in March 1977. Obama used this SSN to file his 2009 federal income tax return.

## 042-68-XXXX\*

This 042 prefix Social Security number is reserved for the people of Connecticut NOT Hawaii. Obama never lived in Connecticut, and he certainly wasn't living there when this number was issued in March 1977, rather he was a 15 year old attending High School in Hawaii.

**Obama's long form birth certificate posted on the White House servers on 27 April 2011 is a forgery per numerous digital image and typography experts.**

President Obama has used 042-68-XXXX\* since the 1980s when he "supposedly" registered for Selective Service, but Social Security Administration now says the number was never issued to Obama! Investigations reveal Obama's Draft Registration was forged in 2008 and back dated to 1980.

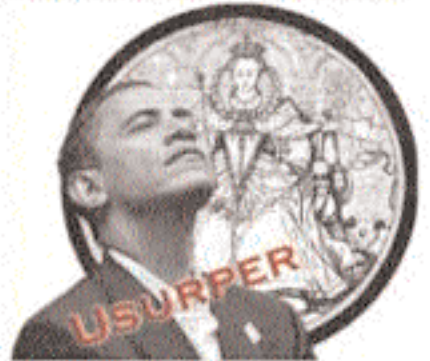

*\*Use by Obama of a CT issued SSN confirmed by multiple investigators including two state licensed investigators Susan Daniels and Neil Sankey. ## The President & Commander in Chief of the Military Must Be A "natural born Citizen" — U.S. Constitution, Article II, Section 1, Clause 5

No Person except a natural born Citizen, or a Citizen of the United States, at the time of the Adoption of this Constitution, shall be eligible to the Office of President

The Law of Nations, Vattel, 1758.  
Used by Ben Franklin, John Jay, George Washington, Thomas Jefferson, and other founders.  
Vol.1, Ch.19, Section 212:  
**"natural-born citizens, are those born in the country, of parents who are citizens"**

Per the British Nationality Act of 1948, Obama when born in 1961 was a British Subject at birth.  
**Obama's Father was NOT a U.S. Citizen,** nor was he an Immigrant to the USA, nor was he even a Permanent Resident of the USA.

Obama, the Putative U.S. President, was Born a British Subject Governed by the British Nationality Act of 1948, and is Currently also a British Protected Person and/or a British Citizen to this Day.

**How can a person who is born a British Subject be considered a Natural Born Citizen of the USA? Obama is NOT a "natural born Citizen" to constitutional standards!**

Yes, lots of evidence points to Kenya as Obama/Soetoro's birth place, not Hawaii.

Lots of evidence shows the Obamagan is motivated by a lawless hostility toward the Constitution for the United States of America the Supreme Law of the Land; applies race biased invidious discriminatory animus toward middle class and poor

Caucasians; and, exempts his cohorts from the equal enforcement of the law to effect a power shift away from Constitutionally limited government in republican form by We The People to incrementally effect a race/sectarian biased Marxist socialist dictatorship under color of law, i.e., "fundamentally change America" as Obama promised he would do.

Obama should be immediately arrested for TREASON, War Crimes, Fraud, etc. etc. along with all his Czars and attorneys and justice obstructing federal judges and complicit members of Congress and Senate, and Bush I&II, and Clintons B&H, Pelosi, Reid, and State of Hawaii governors Linda Lingle, Neil Abercrombie, DNC,

RNC, militant Black Panthers, Zionists, and Neo-Cons. If not, USA is on the fast track to 3rd World Order.

Blogger Koos is right: White voters let their self-hatred and white coolie guilt overrule good sense and good judgement when they voted for this slimeball illegal alien fraud Obama/Soetoro, and his cabal of far-left Israel-first and Muslim Black Nationalist enemies of the Constitution and the natural born American Citizens and good legal immigrants. You deserve Obama government, unless you repent to God and take immediate action to correct this Constitutional crisis as is our DUTY as described in our 1776 Unanimous Declaration ! George Peabody, editor since 1984.
