Hawaii Voters Re-Elect Same Crooks Who caused the Obama-Constitutional Crisis, Fascist Economy, Taxes, TSA, Wars

While Mainland Voters made sweeping out Traitors from government positions a reality by voting for non-incumbents who support the Constitutional limits on government power, fiscal responsibility, lower taxes, gun rights, enforcement of immigration laws, ending ObamaCARE socialism and Bank Bailouts, Hawaii voters demonstrated insanity yet again—and this the most important election in our lifetimes— by voting mostly for Democratic Party incumbents who will continue to ignore their violations and abuses of power just like the infamous Republican Party Lingle Regime did past eight years that is likely the cause of this Voter backlash. Apparently Hawaii voters forget that as Sovereign United States Nationals, we have a responsibility to keep or government agents, including the Usurper Barack H. Obama, working to preserve and defend our right to keep and bear arms and our whole Constitution for the United States of America, and lower taxes.

Are Voters insane? Insanity is doing the same thing over and over and expecting a different result. But that's what Voters have been doing electing the same crooked career politicians of the same political parties year after year -- 13 trillion in debt, open borders, and 8 million lost jobs, TSA, DEA, Wars, trashed economy, is what we got with incumbents. To change Washington, we needed to change who we send there with this election; Clean Hawaii government is a long time away again now that Voters have given the power of government to so many of the same crooked politicians who caused taxes to rise, and Freedom and Liberty to die.

Democrats Neil Abercrombie and Brian Schats captured the office of Hawaii governor, easily beating their Republican opponents, Gov. Duke Aiona and Lynn Finnegan. Vote total approximately 208,000 to 147,000

Abercrombie raised \$4.3 million for the race with more than \$600,000 coming in the last week in individual donations over \$500.

"We are all going to be joined together here for the common purpose of embracing change for Hawaii's future." Abercrombie supports Obamanation and Socialism and high taxes to pay for ObamaChange programs.

Former U.S. representative Abercrombie left Congress in February to focus on his run for Hawaii governor. Abercrombie will be sworn in on Dec. 6.

U.S. Sen. Dan Inouye Wins 9th Term after coasting to victory over Cam Cavasso [a gun rights supporter and Constitutionist but with little money or name recognition]. Vote was approximately 260,000 to 75,000.

Inouye is the 86-year-old Democrat who is the nation's most senior senator and is chairman of the powerful Senate Money Appropriations Committee who has supported Obama's spending and socialist programs, and rated an F by gun rights organizations. With Democrats maintaining control of the U.S. Senate, he will continue to be able to wield enormous control over how federal money is spent, so you can expect Obama's socialist programs and Wars to continue rack up debts.

Inouye raised more than \$5.1 million election campaign funds, compared to \$252,000 for Cavasso since January 2009.

Democrat U.S. Rep. Mazie Hirono was reelected representing Hawaii's neighbor islands and rural Oahu. The 62-year-old socialist and anti-gun rights politician's voter support and \$1 million campaign fund overwhelmed pro-gun rights constitutionist John Willoughby [128,000 to 44,600].

Hirono will find herself partnered with a fellow Democrat in the House, as Colleen Hanabusa defeated incumbent Charles Djou inspite of her reputed nexus with organized crime figures and development scandals. Only in Hawaii, auwe! The two Democrats will now be in a Republican-controlled House after sweeping GOP victories around the country in backlash against Obama-nation!

Maui, Molokai, Lanai: Alan Arakawa Wins Back Maui Mayor Seat as incumbent Mayor Charmaine Tavares sees the totals: 24,170 vs 16,915

Arakawa is calling out all Maui County residents who are qualified and willing to serve in his Administration to submit resume immediately.

COUNCILmembers elected are: Robert CARROLL, Riki HOKAMA, Mike WHITE, Don COUCH, Michael VICTORINO, Elle COCHRAN, Danny Mateo, Gladys Baisa, Joe Pontanilla.

Mele CARROLL will return to the House with 5,01377 votes, defeating Meiling AKUNA's 1,476 votes.

Molokai Women's Health Center Celebrates 25years

Molokai General Hospital President Janice Kalanihuia, Phyllis Laraiso, CNM and Joan Thompson were among the organizers of the 25th anniversary of the Women's Health Center. Since 1985, when Jenny Whitman delivered the first baby, Brandon Hirashima, Certified Nurse Midwives have been the major deliverer of Women's Health care, from prenatal, birthing to menopausal and post menopausal care. In 24 years, one thousand four hundred and eighty-eight Molokai babies were delivered by the Certified Nurse Mdiwives.

Dr. Ralph Hale, Jenny Whitman, Janice Kalanihuia and Phoebe Starkey were the first staff. One of the medical residents who trained under Dr. Hale, Dr. E. Battacharya continues the obstetric-gynecological backup at the Women's Center.

In the photograph, Phyllis Laraiso holds a plaque presented to the MGH Women's Health Center by Healthy Mothers Healthy Babies Coalition for the years of service to Molokai women.

The afternoon event followed a morning Health Fair with presentations to Dr. Hale, Dr. Battacharya and activities. Displays of photographs of the 15th anniversary and of all the babies and moms were enjoyed by all.

Voting Computers Flip votes!

Are Hawaii's voting machines safe to use? Should you trust them? Disappeared News believes not. It's better to vote using a paper ballot. Although since those ballots are read by other machines, there's no guarantee of accuracy.

In 2009, Babson v. Cronin lawsuit stopped the state from transmitting election results via telephone or the Internet because votes could be transmitted surreptitiously to a computer located anywhere in the world, then sent to the Office of Elections, and they'd never know it. The Office of Elections had not bothered to put rules in place that either permitted electronic transmission or protected voters against such problems. So, the state finally put rules in place.

So are we now assured that votes cast on the electronic machines are safe? No. There is, in fact, no way that users of the machines can be sure that their votes were not "flipped" to the other party or otherwise changed.

How come? Each machine has a paper verification, right? I can check my vote to see if it is correct. No, unfortunately you can't, the paper printouts are not used in the voting process. You can verify your ballot and the machine can still write whatever it wants onto the memory card. In other words, you vote for candidate "A", and the printout you are looking at shows "A" but the machine writes "B" to its memory card. And "B" will be the vote counted.

The numbers used to calculate winners and losers are recorded inside the computer hardware; tallies don't come from the computer's touch-screen, nor from what's printed on those little rolls of paper.

Consider the situation of South Carolina four-term state senator Vic Rawl who was inexplicably defeated in their primary by newcomer Alvin Greene. Greene had no campaign website, no money, and no one had ever heard of him. But the machines declared him the winner in the primary. Rawl went to challenge the outcome, but there was no way that he could do anything. The machines could not prove that Rawl lost the election. In fact, the machines could not prove that Greenewon the election. Computer voting is just "Faith based voting."

I have personal experience, when the HART machines were first introduced, of turning the selection wheel back within the long Board of Education slate. When I pushed the button, it was in the US Senate section of the ballot. These "machines" are just computers, and they don't work any better than the machine I am typing this article on. Or yours. Can this be fixed? Yes. But not today.

For those who value the integrity of their vote, it is better to stand for a few minutes in the voting booth and vote the old-fashioned way. **Its your vote.**

State Sovereignty: Nullify Now! Stop Federal "Obamanations"!

Are we Hawaiians Free, Sovereign individuals, or slaves of Obamanation? The Tenth Amendment clearly says we retain our Sovereignty over USA ! At the North Carolina ratifying convention Samuel Spencer said, "It appears to me that the state governments are not sufficiently secured and that they may be swallowed up by the great mass of powers given to congress."

Oliver Ellsworth from Connecticut said, "The United States are sovereign on their side of the line of divided jurisdictions, the states on the other. Each ought to have the power to defend their respective jurisdictions."

Another of our Yankee brethren, Mr Williams wrote "Are not the terms common defense and general welfare indefinite and undefinable terms? What checks have the state governments against such encroachments?"

And that's the questions we're facing again today – what checks do the states have against such encroachments? The Obamanation encroachments are in our face every day. From Real ID to national health care, gun confiscation, TSA, DEA, Homeland Security, FEMA, WARS, and everything in between.

Clearly, the 10th Amendment was never intended to be a throwaway or a quaint relic. Its necessity in creation was brought about by clear and deliberate decision – by people who stingily delegated their sovereign authority to this limited powers agent [USA] they were creating by Constitutional definitions.

Today we're dedicated to the repeal or nullification of all unconstitutional federal legislation that has been illegally imposed upon us by the general government [aka U.S.A. incorporated Obamanation].

Hawaiians need to work together so we can implement the promotion of state sovereignty legislation, including the nullification of unlawful general government acts by Obama and Congress, and Supreme Court crooks. We need to warn Obamanoids that "when you send your federal agents DEA, ATF, IRS et al, here to try and overturn sovereign state law, our constitutional sheriffs are going to put them in jail – and you can come pay their fine to get 'em out!"

At the end of the American Revolution [aka the illegal overthrow of the British King's rule in America] the states were 13 free and independent countries. They created a limited powers government [USA] to handle things they felt could be better done at a central location in Washing DC. But never in anything I can read was there a desire to be anything but free and independent states. We're members of a voluntary compact – not slaves to a federal leviathan.

But, in Hawaii and our states today, both sovereignty and solvency are in peril. Sovereignty's betrayal for solvency's temporary relief is always on the table between D.C. and our state capitols. It's you and me, and the rest of us who have to be the obstacle to that short sale of freedom. If we don't do it, who will? If not today, when? **VOTE out ALL incumbents who are proven TRAITORS!**

For every unlawful general government imposition, we must reject – we are not going to be slaves to illegal legislation to obtain federal dollars. It is up to us to remind our states of Madison's warning that encroachments by the central government must "excite the legislatures to watchfulness and impose upon them the strongest obligation and that is to preserve unimpaired the line of partition." That line, States vs USA, is blurred, and hardly exists anymore, thanks to Obama and Pelosi, and Lingle/Aiona, Abercrombie, Inouye, Akaka, et al.

So today, let's make up our minds – The Tenth Amendment says we are no longer going to accept buzzwords from politicians. Starting today, let us be real clear to those newly elected politicians – we will no longer accept general government [Feds] theft of our liberties, or freedoms, our Bill of Rights, our Sovereignty over government agents. No longer will we stand by idly while our pockets are picked by political parties to fund the perpetual welfare-warfare state. No longer will we tolerate a vast nationalist state that has become aggressive abroad and despotic at home, and the usupers decided that the Constitutionally defined limits of its own power can be ignored with impunity—TREASON !

Obama-Care Must Be REPEALED !! A 'Horror Show' for Obama: The World Ponders U.S. Election

Newspapers around the world focused closely on Tuesday's U.S. midterm elections, with headline writers scrambling for words to describe the scale of the losses faced by the Democrats' usurping traitor President Obama. "Tsunami" was the word of choice for some. Unfortunately, it has become clear the Senate's Demoncrap majority, though lessened, will not change hands.

The Republican Party members now call out to "roll up our sleeves" for public and remove the Obamacare 'monstrosity'

House Republican Leader John Boehner after today's election victories, claimed a voter mandate to roll back the Obama administration's health care overhaul, calling it a "monstrosity." The presumptive next speaker of the House told reporters Wednesday morning the Republican takeover of the House and its success in narrowing the Democratic Senate majority was proof that "the Obama-Pelosi agenda" was **rejected by the American people.**

Obama Charged with Treason

Treason is defined as: 1. The betrayal of a trust. 2. The offense of attempting by overt acts to overthrow the government of the state to which the offender owes allegiance.

IF [repeat IF...] Obama is a lawful eligible President, and, IF he is "the government", which he is not, then the actions of military protestors may be construed as Treason.

But the evidence clearly shows that Obama is NOT a lawful Constitutionally natural born thereby eligible to be President. And no President is "the government". "We the People" and our Constitution for the United States of America that defines government agency are THE government. The President is just part time hired help.

1. Lt. Commander Walter Francis Fitzpatrick, III filed a charge of "Treason" against Obama in Federal Court in Tennessee.

2. Commander Charles Kerchner, through his attorney, Mario Apuzzo, has filed a lawsuit against all of the US Congress, Dick Cheney, Nancy Pelosi and Obama for violating the US Constitution in certifying the Electoral College votes for Obama's favor.

3. Lieutenant Colonel Terrence Lakin has refused to be deployed until he sees proof that Obama is an eligible President. He is now being Court Marshaled, with a military Judge telling him that he can not see, nor present evidence pertaining to Obama's eligibility to be President, according to Colonel Denise Lind, "It may embarrass the President". Sounds like Obama's TREASON!

Bill of Rights 2nd Amendment:
“A well regulated militia being necessary to the security of a free State, the right of the people to keep and bear arms shall not be infringed.”

Wake up militia! Use it , or lose it ! Got your gun, yet?

"...with a firm reliance on the protection of Divine Providence, we mutually pledge to each other our lives, or fortunes and our sacred honor."

(Unanimous Declaration of Independence)

If you will not fight for the right when you can easily win without bloodshed, and, if you will not fight when your victory will be sure and not too costly, you may come to the moment when you will have to fight with all the odds against you and only a precarious chance of survival. There may even be a worse case. You may have to fight when there is no hope of victory, because it is better to perish than live as slaves.

"And how we burned in the camps later, thinking: What would things have been like if every Security operative [insert your favorite alphabet Gang DEA, BATFE, H.S., TSA, FBI, IRS, NSA, CIA, LEOs etc. here], when he went out at night to make an arrest, had been uncertain whether he would return alive and had to say goodbye to his family? Or if, during periods of mass arrests, as for example in Leningrad, when they arrested a quarter of the entire city, people had not simply sat there in their lairs, paling in terror at every bang of the downstairs door and at every step on the staircase, but had understood they had nothing left to lose [neither do you now] and had boldly set up in the downstairs hall an ambush of half a dozen people with axes, hammers, pokers, or whatever else was at hand. The Organs would very quickly have suffered a shortage of officers and transports and, notwithstanding all of Stalin's thirst; the cursed machine would have ground to a halt!" -- The Gulag Archipelago, Aleksandr Solzhenitsyn

O

AcCandidates backed by Gun Owners of America scored tremendous wins in Tuesday's elections.

In many cases, GOA was the ONLY national pro-gun organization to actively oppose Nancy Pelosi's "Blue Dog" Democrats. Our aggressive opposition to these Representatives -- who are mistakenly considered to be somewhat conservative -- was well worth the effort as Pelosi has now been reduced to minority status.

You can go to the GOA website -- at <http://gunowners.org/goa-victories.htm> -- to see the dozens of new GOA-backed Senators and Representatives who will be serving you to protect our 2nd Amendment right to keep and bear arms.

Some of the highlights include:

* California, Dist. 19 -- Jeff Denham

* Florida, Senate -- Marco Rubio

* Florida, Dist. 22 -- Allen West

* Minnesota, Dist. 8 -- Chip Cravaack

* Missouri, Dist. 4 -- Vicky Hartzler

* Ohio, Dist. 6 -- Bill Johnson

* Virginia, Dist. 9 -- Morgan Griffith

* Washington, Dist. 2 -- John Koster

* Hawaii....Obama Democrats said no to gun rights in Hawaii by re-electing Sen. Dan Inouye, Rep Hirono, and electing Rep. Hanabusa.

Except for Hawaii, these are patriots who will be protecting the Constitution and your gun rights for years to come.

But, with Obama's UN Gun Treaty pending, we need every gun owner and patriot's commitment to fight the war against unlawful gun enforcement. Now, the fate of our Second Amendment Rights lays in the hands of the anti-gun nuts Obama has nominated to "represent" America at the UN Arms Trade Treaty negotiations. Obama has already stacked the courts with radical justices who will strike down anyone who contests this assault on our gun rights freedom from government infringements.

Obama made sure nothing stands in his way of passing a slew of the most strangling gun laws in history. Obama's ideal America is a country where ALL your firearms are regulated and or destroyed. Say goodbye to that nice family heirloom rifle you were planning to pass on to the kids. Once he grabs your guns, Obama will make sure you and your family become walking targets for his government ATF thugs, terrorists, and common criminals.

The ugly truth is that Obama & UN's Arms Trade Treaty will turn America into a total police state. If your firearm manages to squeeze through Obama's red tape, you can bet a new Obama appointed "gun task force" will be tracking the whereabouts of your gun at every moment. The "gun task force" will also be tracking YOU. If you think our government is overreaching now, just see what happens if this treaty is passed.

19. You only have the rights you are willing to fight for.
20. Remove the people's right to bear arms, you create slaves.
21. The American Revolution was about gun control.

Crimes of Politicians Must Be Stopped by The People (You are The Militia)

The crime on our streets is a tiny fraction of the crime in the offices of our politicians and bureaucrats - the massive majority of crime is committed by the criminal classes in power. Just look at the constant abuse of power in our State government offices and you will realize the extent of crime in Government. Just consider just how many BILLIONS of dollars a day Government extorts from the people and how little WE get in return; and just how comfortable the politicians make themselves at the expense of the peoples they extort!

The goal of the founders of America was to restrict government within severe limits and to protect the rights of sovereign individuals. Government has NO rights!

Judges are impeachable. Furthermore, judges may be removed immediately for violating oaths of office, involvement in conspiracies, extortion, and failing to uphold their duty to the common law. Judges can also be arrested, they are not exempt from this nor are any other officials, including the President of the United States.

Do the people have the power to do this? Yes, the people have the power to do everything to defend our country against all enemies foreign or domestic politician, and government has no power to say otherwise. Fascist bureaucrats might send out its armed marauders, but a huge group of The People (Militia) armed with guns as guaranteed their Right to keep and bear arms by the 2nd Amendment is likely to stop them unless the governments decide that it is time to begin mass killings of all people who believe in the rights of Man.

Wake up ! Enforce the Bill of Rights !

OBAMA MUST BE FIRED, Sent Back to Chicogo's Sewers Where He belongs!

Obama, we have accumulated a catastrophic amount of debt. Obama has raised our debt more than any other President in history. Just for existing, every American now carries \$43,000 dollars of our country's debt. Last time I checked, if you or I want to rack up \$43,000 of debt, we have to spend our own money. Not anymore. Obama is spending our money for us and slapping us with the bill.

Rest assured Obama has taken full advantage of America's credit card. He steam-rolled his deficit busting "universal healthcare" plan through our legislative process. Even though none of us wanted to pay for Obama's latest spending frenzy, he passed it anyway. Now we are stuck footing the \$2.5 trillion dollar tab. Obama didn't just stop at socialist healthcare. He snuck \$569.2 billion dollars in secret taxes into the bill. So, not only do we get to pay for ObamaCare, we also get slapped with a plethora of new taxes.

We all know that Obama's Presidency has been a living nightmare, it's time we sent Obama back to Chicago.

Lightning Strikes Liberty?

This is the moment a lightning bolt appears to strike the Statue of Liberty in New York. by New York photographer Jay Fine as he braved a storm.

It's Official: Obama Has Now Borrowed \$3 Trillion

Reported by the U.S. Treasury Department.

It took from 1776, when the United States became an independent country, until 1990, for the federal government to accumulate a total of \$3 trillion in debt, according to the Treasury Department. Obama only took from Jan. 20, 2009, the day President Barack Obama was inaugurated, until Oct. 15, 2010, for the Obama administration to add \$3 trillion to that federal debt.

The Obamanation has dug the biggest economic hole in human history. It has become so severe that if you listen carefully, you'll hear the Chinese - the biggest holders of US debt, wondering if they'll ever get their money back. The foundation of the US dollar is already under threat. If it does collapse, it will take down other economies and currencies down with it.

At the summer 2010 meeting of G20 countries, European countries including the United Kingdom and Germany urged Barack Obama to implement austerity measures with them. Obama refused. Instead, he steered the economy in the opposite direction - by pumping billions more paper dollars in the economy.

The United States is moving to the left. Meanwhile, European countries, recognizing some major flaws in their system, are moving right. Some socialist aspects of their societies are being reduced. For example, the tax burden on citizens and companies are being relaxed even as they decrease government spending. Europe is moving towards free enterprise just as Obama groves Socialism.

In essence, thinks he can tax and spend the country back into prosperity. While it might make sense in theory, the policy has never been attempted in this magnitude before and it can fail. It is also important to note that more than four out of every ten dollar today is already borrowed - in stimulus spending.

For most, however, the above reasons are relatively easy to accept because there are limited choices on the matter. But the third consideration is more serious: the United States is already bankrupt. Continuing free-spending policies might hurt rather than strengthen the country's economy. There is no longer enough genuine wealth to buy a way out of the debt that just seems to grow bigger each day Obama regime remains in the White House trashing the economy.

In 2007, the US Senate and the House of Representatives increased the Federal Government's spending baseline to over \$4.4 trillion. There is no money to pay for all the stimulus money. Already, the government is borrowing 41 cents for every dollar it spends. By August 2010, the country already has a debt of more than \$1.47 trillion. Obama prints more dollar bills, but in one way or another, taxpayers will have to foot the bills for ObamaSpendingSpree.

According to government reports, consumer prices only experienced an annual increase of 1.1%. But when you look around, basic food prices have increased by a dramatic 48% over the past year! This statistic is measured by the price of corn, wheat, canola, and oats. This inflation is not only about supply and demand, it is also driven by the lower purchasing power of consumers using worthless paper dollars. It is already showing up on the price of physical goods.

Get this: Fed Chief Ben Bernanke has commented that inflation is too low.

Another round of quantitative easing is expected. Given the magnitude of the problem, is there a way out?

The solution is to reduce the deficit by cutting back on entitlement spending, War spending, CIA and TSA, DEA, FEMA, Foreign Aid, Israel, Big government.

This process will be highly unpopular. But, manipulating money supply is no longer enough. Structural changes are necessary. Cutting back on spending can help balance the budget but it won't be an immediate solution. This is because even if it's implemented, the unemployment rate is still at 9.6%: its an Obamanation!

Three Unanswered Questions:

Was Barack Obama Born in Kenya?

Is He Really a Citizen of Indonesia?

Does the Constitution still Matter?

We the People

OBAMA IS A USURPER!

U.S. Constitution, Article II, Section 1, Clause 5 . . .

No person except a natural born Citizen, or a Citizen of the United States, at the time of the Adoption of this Constitution, shall be eligible to the Office of President; neither shall any person be eligible to that Office who shall not have attained to the Age of thirty five Years, and been fourteen Years a Resident within the United States.

DEFINITION

The natives, or natural-born citizens, are those born in the country, of parents [both] who are citizens.

Emer de Vattel, "The Law of Nations and Principles of Natural Law," Vol. 1, Chap. 19, Sec. 212

"Citizen" of the U.S. if he was physically born in Hawaii, not born elsewhere and falsely registered as born there after the fact.

At birth, Barack Obama acquired dual citizenship through his British **non-U.S. citizen father**. Our Founders excluded dual citizens from eligibility to the Presidency for national security reasons. Every military order Barack Obama gives as Commander-in-Chief, every bill he signs into law, and every executive decision he makes while unconstitutionally seated in the Office of President, are unconstitutional, and hence illegal. Obama is NOT a "natural born Citizen" of the USA. The U.S. Courts and Congress MUST address the merits of the charges for this constitutional issue, and constitutionally remove Barack Obama in order to preserve, protect and defend the Constitution of the United States. This is their sworn Oath to the Constitution and to the American people.
