## School Is Out! Surfing is IN !!

Fathers and sons in the surf on a hot summer day when school is out makes a perfect Molokai family outing. Even if it is a learning session for the keiki, the rewards are just for the joy of it: **soul surfer.**

Kaua Kalili, with some helpful push offs from his dad Kevin, learned to ride lying down, then began to stand up after a few rides during this first surf session with his dad at Waialua Beach the day after school let out.

### May 21, 2011 End of the World?

Some mainland believers predicted May 21 was the END of the World?

Thanks goodness it wasn't THE END! But there are some very very interesting aspects to the calendar number this year, unusual dates.

Starting New Year with 1/1/11, followed by 1/11/11. Then nothing unusual until near end of the year on 11/1/11, and again on 11/11/11. Lots of #1, yea!

BUT, that's not all...Your birthdate may play a very interesting effect, too.

Take the last two digits of the year in which you were born: 1944. Then add the age you will be this year: I am 67 years old.  $44+67=111$  Yikes! And it looks like everybody's birth day and age this year add up to same 111?

Obama: born Kenya, 1961. Will be 50 yrs old in August:  $61+50=111$  !!?

Try this simple math on yourself!

The results will be 111 for everyone in whole world.

How weird is that? Is it the end of the world?

The Waialua fire hydrant turned into a gusher when Dave Dillberg ran over it with his truck and got stuck on top. He moved off ok later with a clean bottom.

### Fishing for Green Sea Turtle? June 16 Meeting

Do Molokai fishermen think its time to allow killing of Green Sea Turtle?

The Fishers Forum meeting will consider the future of Honu aka Green Sea Turtle management and hear testimony from local fishermen June 16 at the Elks Club on Kalaukua Ave in Waikiki starting at 6 pm.

Scientists say the Hawaiian green sea turtle is well on the way to recovery at the rate of about 5.7% annually, and some Honu food forage areas are approaching full capacity and depletion seems likely. They say now is the time to begin discussing options for managing honu, including hunting.

The Western Pacific Regional Fishery Management Council is open to testimony in person, by letter, and by fax and email. Fax 808-522-8226, or email testimony to [info.wpcouncil@noaa.gov](mailto:info.wpcouncil@noaa.gov) before June 13. After that, you must submit 40 copies of each testimony.

More information ph. 808-522-8220, or log on to [wpcouncil.org/meetings](http://wpcouncil.org/meetings).

photo below by George Peabody of a large female Honu [est. 200 lbs] digging deep into the sand to lay her eggs. The failure rate of turtle eggs is high, and they lay only about every 3 years, after seeking out the same beach area of their birth. But there is very little consistent and reliable data available on the current state of Honu population on Molokai.

## All the gold in Fort Knox ?

Some members of Congress recently suggested that the United States consider selling its gold as a way of addressing the deficit. That got us thinking - just how much gold do we have, and would selling it solve our fiscal problems?

According to the World Gold Council, the United States has 8,133.5 tonnes (metric tons) of gold, approximately 4,600 metric tons of which are held at Fort Knox. The World Gold Council also lists the total amount of gold ever mined from the earth at around 165,000 tonnes.

The Congressional Budget Office's bi-annual report projects a deficit of \$1.5 trillion for fiscal year 2011. The national debt currently stands at around \$14.3 trillion.

Currently, gold is valued at around \$1,500 per ounce.

Using all of these figures, we found that if the US sold all of its gold reserves, the Treasury could only cover 29% of this year's deficit. In fact, if the US was able to sell all of the gold ever mined from the earth, it would net \$8.7 trillion, or just 60% of U.S. debt!

Look at the debt from a time perspective. One million seconds will pass in the next 12 days. One billion seconds will take 32 years. One trillion seconds will pass in 31,688 years.

Debt X time: \$14.3 trillion x 31,688 years = 453,138 years.

Only a corrupt government with a monopoly on armed force against The People can take perfectly good paper, cover it with perfectly good ink, and make the combination worthless. When you see the alarming ploys and backdoor deals that have taken place between Washington, DC [Obama, Clinton, Bush, Congress, et al], the Federal Reserve, and the Big Banks, you'll understand how America has finally reached a possible economic "point of no return." There is no subtler, no surer means of overturning the existing fundamental freedom and lib-

erty basis of society than to debauch the currency. The Fate of a Country Is Inseparable From the Fate of Its Currency. There is little doubt that Obama's massive deficit spending will doom the dollar and our economy.

### How to combat the enemy from within?

American voters have the power to purge all Anti-American leadership. Your vote should be used wisely. Anti-American leadership like Obama can be defined as pro communist, Marxist or socialist. Review their voting records. If they have voted for Policies that give away American Sovereignty, hinder our economy or redistribute the wealth, they are by definition Anti-American.

We the people must replace them with a Pro-American leadership. It really is a simple common sense approach. For the next 20 Years. If We the people stand strong and fight for America at each and every election. America will be restored and not "Obama transformed".

This is our duty. For our children and grandchildren.

Let us therefore brace ourselves to our duties, and so bear ourselves that if the United States of America last for a thousand years, men will still say, this was their finest hour. See you at the polls, 2012 Operation Restoration.

**Gun Rights Refresher**

1. An armed man is a citizen. An unarmed man is a subject.
2. A gun in the hand is better than a cop on the phone.
3. If guns cause crime, then pencils cause misspelled words.
4. "Free" men do not ask permission to bear arms.
5. If you don't know your rights you don't have any.
6. Those who trade liberty for security have neither.
7. What part of "shall not be infringed" do you not understand?
8. The Second Amendment is to enforce the other 9 Amendments.
9. 64,999,987 firearms owners killed no one yesterday.
10. Guns only have two enemies; rust and politicians.
11. Know guns, know peace, know safety.
12. No guns, no peace, no safety.
13. You don't shoot to kill; you shoot to stay alive.
14. 911 - government sponsored Dial-a-Prayer.
15. Assault is a behavior, not a gun device.
16. Criminals love gun control -- it makes their jobs safer.
17. If guns cause crime, then matches cause arson.
18. Only a government that is afraid of citizens prohibits guns.
19. You only have the rights you are willing to fight for.
20. Remove the people's right to bear arms, you create slaves.
21. The American Revolution was about gun control.

**Crimes of Politicians Must Be Stopped by The People (You are The Militia)**

The crime on our streets is a tiny fraction of the crime in the offices of our politicians and bureaucrats - the massive majority of crime is committed by the criminal classes in power. Just look at the constant abuse of power in our State government offices and you will realize the extent of crime in Government. Just consider just how many BILLIONS of dollars a day Government extorts from the people and how little WE get in return; and just how comfortable the politicians make themselves at the expense of the peoples they extort!

The goal of the founders of America was to restrict government within severe limits and to protect the rights of sovereign individuals. Government has NO rights!

Judges are impeachable. Furthermore, judges may be removed immediately for violating oaths of office, involvement in conspiracies, extortion, and failing to uphold their duty to the common law. Judges can also be arrested, they are not exempt from this nor are any other officials, including the President of the United States.

Do the people have the power to do this? Yes, the people have the power to do everything to defend our country against all enemies foreign or domestic politician, and government has no power to say otherwise. Fascist bureaucrats might send out its armed marauders, but a huge group of The People (Militia) armed with guns as guaranteed their Right to keep and bear arms by the 2nd Amendment is likely to stop them unless the governments decide that it is time to begin mass killings of all people who believe in the rights of Man.

**Wake up ! Enforce the Bill of Rights !**

## Obama's New BC Is A Computer-generated FRAUD.

That opinion has been repeated many times, and WND has reported on a few of the objections that have been raised by various experts:

Ivan Zatkovich, of Tampa-based eComp Consultants, analyzed the various layers in the PDF file released by the White House, and concluded: "The content clearly indicates that the document was knowingly and explicitly edited and modified before it was placed on the web."

"It is possible to take a single layer PDF and inadvertently create multiple layers, without changing the image in any fashion. But that does not appear to be the case here. The multiple layers in the PDF document are a result of changes made to the image," his report said.

Among the various items that were separated into different layers include the main text, the mother's occupation, the dates accepted for DOH recording, the stamp and signature of the state registrar and the time stamp of the state registrar.

Furthermore, the presence of "kerning" in the text confirms manipulation. The type on the birth document show evidence of "kerning," the squeezing of letters into a line so that they intrude into adjacent letter spaces. Kerning is routine since the advent of word processors and computers, but impossible with a typewriter in 1961. This document has been assembled by somebody on a computer.

Perhaps most significant unresolved issues that point to conspiracy and fraud is that two weeks before Obama finally released his "long-form birth certificate," Hawaii's former Health Department chief Chiyome Fukino – the one official who claimed to have examined Obama's original birth document – was interviewed by NBC News' national investigative correspondent Michael Isikoff, who reported that Fukino told him she had seen the original birth certificate and that it was "half typed and half handwritten."

However, the document released by the White House was entirely typed. Only the signatures and two dates at the very bottom were "handwritten." What Fukino described is apparently a different document from what Obama released to the public.

Among other questions that remain about the document:

The objectivity of "experts" cited by the mainstream media to verify the birth certificate is suspect, including that of Fox News Channel's Jean-Claude Tremblay, who assured America they "should not be suspicious" of the document, but who is also an unabashed Obama supporter.

Obama's posted birth certificate contains the same anomalies as a well-known forgery reportedly created by employees of the Hawaii DOH that claimed he was born in Kenya, suggesting the anomalous markings came from the same source. How could Obama's 'real' birth certificate share these unique characteristics with an obvious forgery? Joe Farah of WND commented: "For the life of me, I can't figure out an answer other than they were created by the same person or persons."

The birth certificate's reported delivering physician, Dr. David Sinclair, differs from previously published reports and even the myth-busting Snopes.com's original entry, which named Dr. Rodney T. West as the doctor of record.

Obama's purported birth certificate contains over a dozen differences in type styles and formatting from the verified, Hawaii copy of the birth certificate issued to the Nordyke twins, born the next day at the same reported hospital.

And, the local registrar listed in the Nordyke twins' birth certificate is different than the local registrar on the Obama birth certificate.

Though Obama was born before the Nordyke twins, and though his birth was filed with the registrar three days before the twins' birth, Obama's purported birth certificate has a higher registration number. Obviously the forgers of Obama's BC conspiring with Hawaii DOH and governor Neil Abernethy picked the wrong number to assign, maybe it belongs to a dead infant from Wahiawa?

Remember, Obama's grandmother says she witnessed his birth in Kenya!

The age of Obama's father, as listed on the document, conflicts with previously discovered documents about Barack Obama Sr., so even that info is suspected in this obvious fraud Obama says is his Hawaii birth certificate.

**There's only one way we're going to get the truth – a forensic document examiner is going to have to go look at the certificate and authenticate it. The real one – not a printout.**

### The Book that forced Obama's BC-Out!

Jerome Corsi's expose prompted Obama to release another fake "birth certificate" to try to stop accusations that he is not a qualified Natural Born American Citizen as required by the Constitution to hold the Office of POTUS. This book proves Obama is NOT eligible to be sitting in the White House. He's not qualified. He doesn't meet the test. And Obama himself has provided all the proof we need to draw that conclusion. **Order book toll free: 1-800-496-3266**

### Obama Birth Certificate FRAUD by Hawaii DOH Complaint filed with FBI

The image released by Obama purporting to be a copy of his original long form Birth Certificate from the Hawaii DOH has been challenged by a number of experts in the field and declared a FRAUD, again, and the original, of course, has yet to be seen by investigators, much less analyzed.

"If you are going to be the president of the United States you have to be born in the United States – and there is doubt about Obama. If he wasn't born in this country, it's one of the most horrific fraud scams against We The People. Obama said on video that people who refuse to tell the truth are people with something to hide. So, why doesn't Obama release the records that show the truth about his birth and his citizenship and his adoption, educational financing, travel to Pakistan, Social Security number, and be TRANSPARENT and honest?"

Obama needs to publicly say that the document in the Hawaii DOH vault, the original long-form birth certificate, needs to be exposed and examined independently, show the doctor's records, the Kapiolani Hospital records of Ann Dunham to corroborate she was in that hospital, etc.

However, Obama's new BC proves Obama's ineligibility. Barack Obama Sr. is listed as the father, but he never was a U.S. citizen. And, the Founding Fathers who wrote the requirement for presidents to be a "natural born citizen" disqualified dual citizens at birth, such as Obama.

Obama Jr., now usurping the Office of President, even seems to hold that position, suggesting in a resolution he co-sponsored to address Sen. John McCain's status as a "natural born Citizen" that the status requires "American citizen" parents, i.e., both parents must be American Citizens.

Okay, if Obama released the original birth certificate, then he should have no problem asking the Hawaiian government to open up their vault and allow investigators to inspect the original, right? Why would he object now? That is the checkmate move. "Okay, Mr. President, you claim that what you released was the original birth certificate, however, there appears to be anomalies in it that evidence criminal fraud. Now, since you say that this is the original, surely you would not mind allowing the release of your real birth real birth certificate, right?" If he says, "no", then you know it wasn't the original. Game over. Obama goes to prison!

Also, it is shocking and incredible that no doctor, nurse or other person in Hawaii where Obama claims he was born, no one has come forward to recall the birth of such a now famous person. How strange is that?

There's something fishy about the whole thing of Obama's background, birth story and constant refusal to release a wide range of documents that would reveal information about his heritage and upbringing, information that public servants normally make public, especially elected officials. There is certainly a chance that he was not born in this country. Now if he was not born in this country, that means he can't be president. It's very simple.

# War on Drugs is big FAILURE !

## Global Commission says STOP Drug War !

The Global Commission on Drug Policy report calls for an end to criminalization of drug users, and to legalize some drugs.

The panel includes former UN Secretary General Kofi Annan, the former leaders of Mexico, Colombia and Brazil, and the entrepreneur Sir Richard Branson. The White House rejected the findings, saying the report was misguided. As well as Mexico's former President Ernesto Zedillo, ex-Brazilian President Fernando Henrique Cardoso and former Colombian President Cesar Gaviria, the 19-member commission includes the former US Federal Reserve chairman Paul Volcker and the current Prime Minister of Greece George Papandreou. The panel also features prominent Latin American writers Carlos Fuentes and Mario Vargas Llosa, the E Union former foreign policy chief Javier Solana, and George Schultz, a former US secretary of state.

40-years of non-Constitutional police tyranny has been admitted, finally. Every informed patriotic and sovereign United States Citizen agrees with the Founding Fathers that the GOVERNMENT THAT IS DEFINED BY OUR CONSTITUTION FOR THE UNITED STATES OF AMERICA THE SUPREME LAW OF THE LAND was established to secure the blessings of liberty to ourselves and to our posterity, and there is no drug prohibition listed in the enumerated powers given to government agents to use against us.

Furthermore, We The People did NOT surrender any of our God-given inalienable rights and/or our DUTY to ENFORCE the limitations on the authority and powers WE THE PEOPLE Sovereign United States Citizen Nationals granted to the government agents we pay to ASSIST us in daily vigilance to identify and eliminate any foreign or domestic threats [TSA, DEA, IRS, FEMA, OBAMA Regime, BUSH, CLINTON, Israel, NeoCon Zionists, LEO's, prosecutors, etc.] to our right to the blessings of liberty for ourselves and our posterity.

The Constitutional purpose for the Right to Keep and Bear Arms is to secure and enforce our Freedoms and Liberty from enemies of the Constitution for the United States of America the Supreme Law of the Land, and for self defense against more common criminals. Because crooked treasonous government agents continue to violate the Constitution and excusing their actions with War on Terror and War on Drugs and Obama perpetuates and escalates it, all the Militia of America may soon have to forcefully end the REGIME.

How many more Americans must die first in the War on Drugs?

### NO DRUGS IN HOME OF MARINE Murdered BY SWAT cops

No drugs were found in the home of former U.S. Marine Jose Guereña [26], of Tucson who was shot 61 times and killed May 5 by a Pima County Sheriff's Office SWAT team as they broke into his home to serve a search warrant related to a drug investigation. Guereña had no criminal record. What happened to "innocent until proven guilty?"

Police said items seized at Guereña's house included a pistol, paperwork, tax returns, insurance papers, bank statements, and a bank card. They also found body armor in a hallway closet and US Border Patrol hat in the garage. [Owning weapons, body armor, and Border Patrol hats is not illegal.

Guereña's wife, Vanessa, and their four-year-old son were in the home when it was raided. She had been a victim of home invasion twice recently by common criminals and reacted in fear when she saw masked armed men moving around her house. She woke up her husband, who was sleeping after working all night at his job. She and the child hid in a closet while Guereña took out his AR-15 rifle and went to confront the intruders.

Police originally said Guereña fired at officers before they returned fire shooting him 61 times. SWAT cops lied. It was later revealed that the safety on Guereña's gun was secured and his gun was not fired. Guereña was summarily executed, murdered in his own home by criminals with badges who are supposed to ensure his rights to Life, Liberty and Pursuit of Happiness.

Guereña's wife called 911 as soon as he was shot and EMTs arrived two minutes later, but cops never allowed EMTs to treat Guereña, citing "security concerns" related to drug investigation and firearms. Cops wanted him dead!

Guereña's wife, Vanessa, explained that her husband had worked the night shift at his job at a mine and been asleep only a couple of hours when the raiders arrived. When she saw armed men in her house pointing guns at her, she said, "Please don't shoot, I have a baby... and I yell 'Jose! Jose! Wake up!'"

The SWAT team didn't identify itself before breaking in her door and entering her home, Guereña said, and cops only yelled SWAT after the shootout.

Her husband grabbed a gun to protect himself from what he thought were home invaders, she said. Cops saw him with a gun, summarily murdered him.

Seeing an American with a gun should NOT cause cops to shoot someone in their own home, or any place, if there is no clear present danger or threat.

Was Guereña supposed to do nothing if cops yelled SWAT before the shootout? If so, this means that bandits can yell swat and the homeowner is not

to do anything to protect his family. Cops are dead wrong here, again, in the name of the War on Drugs. And they will claim immunity and get off?

71 shots by cops and Guereña's safety on his gun wasn't even off? I too agree that these murderers will get off scott free. It makes me sick. We have serial criminals in our Congress and the cops are out here killing citizens over pot? When will the true thugs (politicians) and murderers (cops) start getting held accountable? Do we live in some third world dictatorship, where they can come into your homes without knocking and shoot you or your family or your pets dead and there isn't anything you can do?

Don't worry about foreign terrorists! What Americans need to be concerned about is being raided and murdered by local law enforcement. The picture that accompanies this story looks like a picture of soldiers from Vietnam. When you militarize law enforcement and send them out to serve questionable warrants, this is the end result. Hopefully these crooked cops will see their unit abolished just as Atlanta saw their Red Dog unit get crushed for similar atrocities. What did Obama say about ending the drug war? Obama gotta go!

### THIS WEEK'S CORRUPT COPS STORIES

Hawaii: Maui officer pleads guilty to theft, sex assault while on duty.

Kristopher Galon admitted in court to stealing over \$1,500 from a driver during a traffic stop. The 37 year old also sexually assaulted a woman who had been jailed after another officer arrested and robbed her. He faces up to a year in prison and a \$100,000 fine.

Narco Cops at a narc convention in Massachusetts, attending the New England Narcotics Officers Association is are accused by a good Samaritan of twice attacking him at a bar after he tried to non-violently intervene on behalf of a woman being harassed by one of them. The narcs were in town for a convention. Duane Alves, better known as DJ Alvzie filed a report with Barnstable Police after the incident in which he said one of the cops dumped a drink on his head, then punched him. That cop's comrades joined in the beating. Alves also said that the men then blocked the exits from the bar and attacked him again when he tried to leave. The second attack resulted in serious injuries, including broken bones around his right eye and a damaged nasal cavity. Alves managed to grab a cell phone one of his attackers dropped, and turned it over to Barnstable Police who confirmed it belonged to someone who attended the narcfest, but would not identify the owner. SMELL the COVERUP?

In Louisiana, a former sheriff's deputy pleaded guilty May 24 to a whopping 438 malfeasance and drug charges for using seized drugs to feed his own habits. Louis Lambert, 48, had been the evidence room technician for seven years when deputies discovered missing drug case evidence in April 2010. Lambert was arrested in June 2010 and fired and indicted in October. He copped to 336 counts of malfeasance for evidence tampering, 35 counts of pot possession, 24 counts of cocaine possession, 11 counts of prescription drug possession, one count of Oxycodone possession, one count of steroid possession, once count of Alprazolam possession, 10 counts of drug paraphernalia possession, 14 counts of possessing a firearm while in possession of illegal drugs, four counts of firearms theft and one count of theft under \$300. Charges against about 20 drug suspects had to be dropped because of the missing evidence. He faces up to 1400 years in prison when sentenced July 6. **Stinking crooked cops!**

### Hawaii on the March STOP THE DRUG WAR RALLY FRIDAY, JUNE 17, 2011 CAPITOL ROTUNDA 4 p.m. – 6 p.m.

It is worth 2 hours of your time to question the government about the HUNDREDS OF BILLIONS OF OUR TAX DOLLARS going to fund the War on Drugs! Exercise your 1st Amendment Rights to End the War on Drugs!

War on Drugs started by Nixon, 40 years ago 14 Jul 1969 in a message to Congress. It became the War on Drugs in Jun 1971. Hundreds of billions of dollars and 40 years later, drug consumption and profits are booming. In these desperate economic times in the United States, Washington should see better use for the billions of dollars spent on the drug war and argue that it is not working.

War on Drugs and DARE and SWAT costs Americans innocent lives and \$200 billion a year, according to the National Institute on Drug Abuse. Include alcohol and tobacco-related costs along with health care, criminal justice and lost productivity and the figure exceeds \$500 billion annually.

Hawaii politicians have been a willing partner in the drug war and our jails and prisons, filled with nonviolent drug lawbreakers, are testament to that sad fact. War on Drugs & DARE more harm than drugs Where's our freedom?

**This book of fiction parallels the Obama Regime's NaziMarxistSocialist ideology for World Control by those in power who know what's best for all of us. And it is a suspense filled thriller that will keep you turning pages to see which prediction for our future, World Peace or World Chaos, is getting closer.**

John Wormser's new book presents the futuristic story of the President of the U.S. being offered a way to make the world a peaceful place. And being the most powerful man in the world at the time, the President has the means to carry out what seems to be a most Nobel Mission: Peace for the World.

In the real Obama/Bush/Clinton-world of today, some Americans have already been injected with I.D. chips, so the plans in this book of fiction may not be too far out as a method to make drastic changes to people's minds that are needed to achieve World Peace. Best part yet is that MAYBE only the Leaders of Nations of the World need to have their minds transformed. But how does this affect Americans? It is shocking, chapter after chapter.

Possible Future I: The extreme comfort of the new Global One Helicopter did not deter the misery he was feeling from seeing the ground below. The nuclear attack on Israel has been as devastating as predicted. The miles of flattened buildings, the hundreds of thousands of dead men, women, and children, and he was partly responsible for the tragedy below. And he realized the same destruction and death scene was repeated in Syria, Jordan, Arabia, Iran, Egypt, Lebanon, and Kuwait by the missiles in retaliation attack from Israel.

The President of the USA the most powerful man in the world, failed.

Possible Future II: The extreme comfort of the new Global One Helicopter only added t the thrill of seeing so much joy and happiness below. The crowds were welcoming him everywhere he had gone in the Middle East, all over the World was joy.

The President knew he had made the correct decision. It hadn't been easy to implement. The stress of knowing he was breaking the law to implement the Peace Plan without knowledge of participants was in a way playing God or maybe Lucifer was still tearing at him. But now that his plan had paid the ultimate dividend—peace—in every corner of the world.....He basked in the glow of redemption.

The author seems to know Americans will react to this theater in both direction, praising the nobility and damning the Treason of the secret Peace Plan to control the world. Indeed, the central character wonders ...can we gripe about the huge cost of this operation when this might give us peace in the world? I guess what we pay to keep this place a secret is a form of blackmail.

# Obama's Attorney Quits after forged BC ?

**BUT FIRST:** see this video about Obama hates The Fourth Amendment  
It's a simple concept: People are entitled to privacy in their homes, papers, and private communications with their attorneys, doctors and other professionals.

Along comes one terrorist incident of highly murky origin and POOF! Fourth Amendment gone in the name of War on Terrorists.

Do you think they teach kids this in school today? I guarantee they don't and most people under 30 would probably be amazed to know that these rights even exist. Searches of your home, your car, your private communications, your bank account require a judge's order - unless haahaaha an agent of Obama (the Usurper with the forged birth certificate) decides a warrant is not needed.

A quick lesson on the Fourth Amendment from Sheriff Andy Taylor.

Can you imagine something like this on television today - let alone in the schools? USA society, civic duty, patriotism has fallen a long way.

## OBAMA ATTORNEY QUILTS AFTER FORGED Birth Certificate EXPOSED?

Jerome Corsi, Ph.D., who authored the "Where's the Birth Certificate?" book, said of Obama's attorney departing after expose of the forged Hawaii birth certificate, "I think Bauer's resignation marks the beginning of the Obama eligibility cover-up starting to unwind."

Corsi believes Bauer "felt compelled" to resign because of growing evidence that Obama's eligibility issue will blow up into a full-scale investigation.

"Bauer sent Perkins and Coie attorneys to Honolulu to pick up from the Hawaii Department of Health what he believed would be two certified copies of Obama's 1961 long-form, hospital-generated birth certificate," Corsi said.

"When the White House released to the public the birth certificate in the form of a PDF computer file obviously created on Adobe software and a Xerox copy, Bauer realized the Hawaii DOH had participated in the fraud," Corsi charged.

Corsi said he had been tipped off early in February that a long-form birth document for Obama had been forged and that the document was to be released.

"The information came from a mole within the Hawaii DOH who had been examining the vault logbook for months," Corsi explained. "Until just prior to February 24, no Obama long-form hospital-generated birth record could be found in the Hawaii DOH." Even Hawaii governor Neil Abernethy, who said he would get it, admitted he could not find the Obama birth records at DOH.

Corsi, whose book also has ascended to the upper reaches of other best-seller tabulations, said that when Hawaii Gov. Neil Abernethy "could not find the Obama birth records he had been searching for and radio journalist Mike Evans said so in a broadcast repeated over a series of radio stations across the nation, a decision was made within the White House to use a forgery that may have been in the works since as early as 2008."

Corsi said he believes the scenario developed this way:

Obama and Valerie Jarrett wanted to continue the stonewalling strategy they had used since 2008, relying on the short-form Certification of Live Birth and having Hawaii DOH claim that long-form birth certificate copies were no longer available, not even to Obama.

Obama and Jarrett had planned to use the forged birth certificate as an October surprise, just prior to the November 2012 election, if the pressure on Obama's eligibility remained an obstacle to his reelection.

But this strategy was overruled by White House Chief of Staff Bill Daley. He determined that a birth certificate, if it existed, had to be released now - to prevent the issue from gaining momentum.

"I believe both Daley and Bauer believed until recently that Obama was telling the truth and that the birth certificate was really there in the Hawaii DOH," Corsi said. "But when they realized that the last-modified date stamp on the computer file of the Obama birth certificate - put up on the White House website on April 27 - was that very same morning, it contradicted the idea the file was an earlier scan of the original Obama birth certificate in the Hawaii vault log book. What modifications to the file were being made at the White House? Was the file originally created at the White House? Why wasn't the file made and closed in Hawaii where the scan of the original document was supposedly made? Bauer realized the White House was lying to say a scan of the original document was being released."

Corsi said he's convinced that now top White House operatives such as Daley and Bauer believe there is no document in the Hawaii Department of Health that can withstand forensic analysis.

He said the legal challenges to a specific document that has been made public could be harder to deflect than a lawsuit generally alleging an ineligibility on Obama's part.

Corsi also said he believes top operatives in the Democratic Party "have concluded that if Obama does not kill the birther issue soon, he may have to resign."

"What forced the release of the birth certificate on April 27 was the coming publication of the [Where's the Birth Certificate?] book," said Corsi.

"Bauer's resignation is the first step in the crumbling of inside support for Obama in the White House."

Corsi said pursuit of the "forger" who created the Obama Certificate of Live Birth already is well under way.

"The forgery consists of a composite of these various Hawaii 1961 legitimate documents, onto which was added Obama-specific information, with the result that the final version was composed in Adobe software," Corsi said.

Obama announced at that point he was waiving ethics rules to hire Bauer, his personal and campaign lawyer - and the same attorney who has defended Obama in lawsuits challenging his eligibility to be president.

## New Obama federal law guts tax credits for energy-efficient home improvements

The law slashes the credits from 30% of the cost to just 10% with a \$500 maximum. It also clamps dollar-specific limits on items that had previously been eligible for 30% credits. see <http://articles.latimes.com/2010/dec/26> dated Dec 26, 2010 By Kenneth R. Harney

The \$858-billion federal tax bill signed into law by President Obama on Dec. 17 is a bummer for American homeowners who want to improve energy efficiency of their homes.

The legislation slashed the popular tax credits for energy-efficient remodeling from 30% of an improvement's cost (\$1,500 maximum per taxpayer) to just a 10% credit with a \$500 maximum for expenditures on insulation materials, exterior windows and storm doors, skylights, and metal and asphalt roofs that resist heat.

The bill also clamped new dollar-specific limits on key improvements that previously had been eligible for 30% credits. These include a \$150 tax credit limit on the costs of energy-efficient natural gas, propane and oil furnaces, and hot water boilers, plus a \$300 credit limit on the costs of central air conditioning systems, electric heat pump water heaters, biomass stoves for heating or water heating, electric heat pumps, and natural gas and **propane water heaters !!**

The legislation also limits tax credits for energy-efficient windows installed during 2011 to a total of just \$200 - down from the previous \$1,500. On top of this, it prohibits taxpayers who have taken total tax credits in past years exceeding \$500 from claiming any additional credits on energy-conservation projects they undertake in the coming year.

The net effect of all this, say home building and remodeling experts, will be to severely diminish consumers' interest in energy-efficient home improvements. Donna Shirey, chairwoman of the Remodelers Council of the National Assn. of Home Builders and president of a contracting firm in the Seattle area, said the gutting of energy-efficiency credits "is a big step backward. It's bad for the environment, bad for consumers and, of course, bad for jobs in our industry. We're heading the wrong way here, sending absolutely the wrong message."

## Oppose the extension of the Patriot Act!

Americans fought a revolution to ensure that our rights and our freedoms would no longer be ripped from our hands by a governing authority.

With Congress considering an extension of the Patriot Act -- and some of your Congressional leaders aiming to limit debate to avert attention away from this attempt to expand the government's powers -- we are witnessing the slow erosion of the U.S. Constitution, and our freedoms.

Last year, Congress voted to encroach on our rights by passing ObamaCare, and this week, you and your colleagues will be voting to extend three key provisions of the Patriot Act that are set to expire.

Extending the provisions of the Patriot Act increases surveillance powers that are infringing on our right to free speech and protections against unwarranted searches and seizures.

We believe in protecting the property rights and freedoms of law-abiding citizens, and the Patriot Act infringes on Americans' Constitutional rights.

Your constituents are asking you to uphold the Constitution and to oppose any extension of the Patriot Act.

I appreciate your vote to oppose the extension of this law. George Peabody
