Jews vs. Palestinians: Its Not America's War

A known schizophrenic, Israeli Prime Minister Benjamin Netanyahu's interpretations of events in his war against Palestinians is dangerous territory. Yet, Barack Obama is sponsoring indirect, and so far inconclusive, negotiations between the two sides instead of putting an end to USA's financial and military support for Netanyahu's Zionish Jewish State.

The West Bank has about 2 million Palestinians. The Gaza Strip, home to 1.5 million Palestinians, is governed by Hamas, an Islamic party and militia that won parliamentary elections in 2006. Israel, the U.S. and European Union consider Hamas a terrorist organization.

Occupied Territory.....?

With military and financial backing from USA, the Jewish Nationalists of Israel have built about 100 settlements in the West Bank since the late 1960s. Another 100 embryonic settlements, which Israel calls outposts, have sprung up during the past decade. The International Committee of the Red Cross says they breach the Fourth Geneva Convention governing actions on occupied territory, and even Obama who says he loves and will never abandon Israel pledging continued support without question, has said they aren't legitimate but won't stop it.

Israel says settlements don't fall under the convention because the territory wasn't recognized as belonging to anyone but a bunch of Palestinians before the 1967 Middle East war, which Israel "won", and therefore isn't occupied by that definition. Its Jew-spin, on steroids, chutzah!

Wow. My usual working definition of the popular Yiddish word Jews like to use to describe such shocking attitude is "chutzpah" is: A man kills both his parents and then appeals to the judge for mercy because he is an orphan."

Israel's democratically elected Jewish leaders are creating their own definitive example based on their recent acts of violence and their Blockade of Gaza. Because of its tight, damaging and illegal blockade of the Palestinians' Gaza Strip area that the Jews were forced to abandon, the blowback "boycott Israel" movement is growing around the world slowing or preventing dock workers from unloading Jewish ships, etc. A bill introduced in the Israeli parliament would force the Palestinians to compensate Jewish businesses for losses due to boycotts.

Wow! Now that is Jewish chutzpah of the kind that comes from the minds of devil infested demented schizophrenic murdering powermongers like Israel's Jewish Prime Minister Bibi Netanyahu whose psychiatrist Moshe Yatom, a prominent Israeli psychiatrist who successfully cured the most extreme forms of mental illness throughout a distinguished career, was found dead at his home in Tel Aviv this week from an apparent self-inflicted gunshot wound. A suicide note at Yatom's side explained that Israeli Prime Minister Benjamin Netanyahu, who has been his patient for the last nine years, had "sucked the life right out of me...I can't take it anymore," wrote Yatom. "Robbery is redemption, apartheid is freedom, peace activists are terrorists, murder is self-defense, piracy is legality, annexation is liberation, there's no end to his contradictions. Freud promised rationality would reign in the instinctual passions, but he never met Bibi Netanyahu. This guy would say Gandhi invented brass knuckles."

Psychiatrists are familiar with the human tendency to massage the truth to avoid confronting emotionally troubling material, but Yatom was apparently stunned at what he called the "waterfall of lies" gushing from his most illustrious patient who is the Israeli Prime Minister. Yatom suffered a stroke when Netanyahu opined that the 9/11 attacks on Washington and New York "were good."

The Land of Israel, a right-wing lobby group committed to Jewish settlement of the West Bank, submitted the bill with the support of 25 other Jewish politicians. Their move comes amid a growing global backlash against Israeli policies, which has intensified since Israel launched its bloody raid on a Turkish-led humanitarian ocean convoy carrying medical supplies, food, construction materials, wheel chairs, toys and books, trying to peacefully breach the blockade of the Gaza Strip.

I wonder when Israel's Jews will compensate USA for the attack on the USS Liberty; and, when will the Palestinians be compensated? Israeli Gov. looks worse everyday. The anger toward them is growing!

George Ball, the brilliant and courageous Undersecretary of State at the time of the 1967 Jewish war when the Jewish military attacked unprovoked the USS Liberty killing 34 Americans, said, "....Israel's leaders concluded that nothing they might do would offend the Americans to the point of reprisal. If America's leaders did not have the courage to punish Israel for the blatant murder of American citizens, it seemed clear that their American friends would let them get away with almost anything." [Try 9/11 ?] Surviving veterans of the USS Liberty have been denied and humiliated by Congress and Presidents every time they attempt to have the attack on the USS Liberty investigated. It is the only such attack never investigated. Why? Fear of Jewish political powers in USA politics, media, and banking. Look how famous reporter Helen Thomas lost her job for saying the Jews should get the hell out of Palestine! And, look how Jewish lobby control USA!

There is growing majority of Americans who are fed up with the mean-spirited little bully called Israel Homeland of Jews. The anti-semitic crapola is NOT going to work anymore! The jig is up! The tale cannot wag the dog much longer!

Molokai Turtle Saved From Fishing line Tangle Drowning

Over the weekend, this green sea turtle at Waialua Beach was caught up with fishing line at Keiki/Kupuna surfing beach. But luckily these beachgoers and fishers pulled the entangled turtle to shore before it drowned. The turtle was about 40 lbs and it took three men to hold it while untangling was accomplished. Just before setting the turtle free again, the helpers and friends posed for a photo with the tired but very lucky turtle.

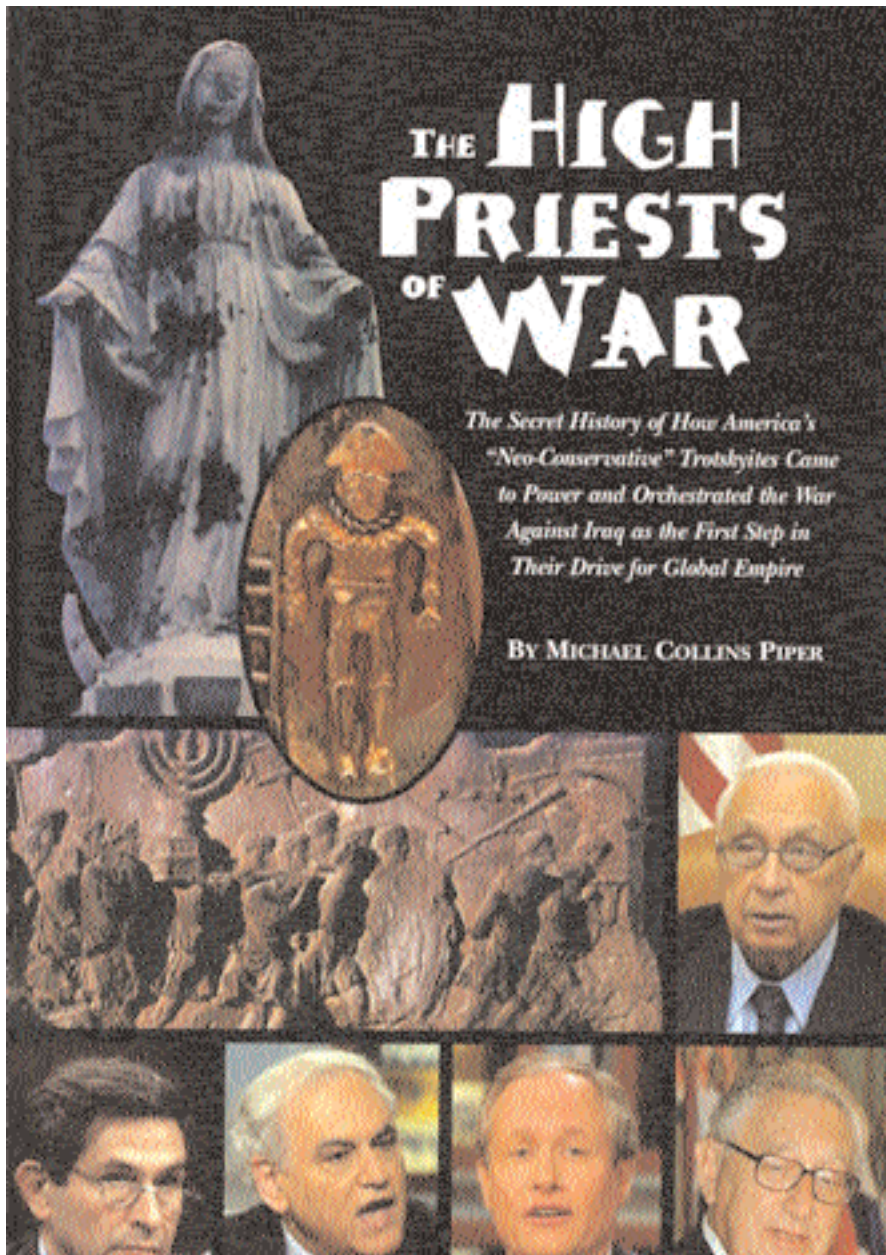

Mahalos for doing the right thing. Summer is sea turtle nesting season! Everyone – locals and visitors alike – please respect our sea turtles.

The two species that nest in the islands are the green turtle (honu in Hawaiian) and the hawksbill turtle (honu 'ea in Hawaiian). The honu 'ea nests primarily on the islands of Hawai'i, Moloka'i, and Maui. As a result, increased sea turtle activity, such as mating, in nearshore waters may be witnessed and more honu may be basking or resting on beaches.

Sealife in Oil Spill Gulf of Mexico Suffering and Dieing

Thousands of Brown Pelicans are dead and they were only recently taken off the endangered list and may not survive as a species after this, as well as uncounted other sea birds, shrimp, shellfish, and fish of every kind size and shape are poisoned by the oil.

Jewish Warlords of America

Jewish Nation of Israel's intelligence service Mossad knows what is going on in Iraq, Afghanistan, Iran, Egypt, and Gaza, and they know Saddam Hussein had nothing to do with 9-11. The Jewish Mossad is the best, their survival depends on knowing where the weapons are, and they would have led USA to weapons of mass destruction if there were any. So, with Iraq no threat to Americans, why does US-Military invade and destroy Iraq? To secure the Jews in Israel, according to US Senator Hollings.

For telling it straight, and naming several of the "high priests of war" described more fully in this book, Hollings was persecuted and denounced by the Jewish Anti-Defamation League and a host of politicians and sycophants eager to curry favor with the Jews' Israeli lobby in D.C. Yet, a respected Jewish newspaper call the Forward, stated that Israel had benefited from the Iraq war, and that Mossad agency had encouraged the Bush administration with information to justify the unConstitutional invasion of Iraq. Israel considered Saddam Hussein to be their greatest threat, so Bush stomped on Iraq for the Jews benefit.

The author, Michael Collins Piper, was one of the first journalists to recognize the Jewish lobby neocons infiltration of the upper ranks of the American political and intelligence mechanisms. In this book, Piper skillfully analyzes the origins, names thenames, and describes the agenda and misdeeds of the Jewish Neocons who are the highly astute and who have the authority without the responsibility for pulling the strings that manipulate the puppets in politics, and taking US to War.

If a significant number of Americans can be awakened to the political reality described herein, the exposure of them as the genuine menace to world peace that they are, could put an end to the treason and the conspiracy to establish a forever "Greater Israel", as Ariel Sharon, the brutal anti-Palestine war monger.

Jews Leading USA to War, AGAIN ?

US Troops near Iran Border; Jewish Airforce lands in Arabia for War on Iran

The Jewish Air Force of Israel recently unloaded military equipment at a Saudi Arabia base Wednesday, while a large American military force has massed in Azerbaijan, which is on the northwest border of Iran. Both reports follow by less than a week the Pentagon's confirmation that an unusually large American fleet sailed through the Suez Canal Saturday. Several reports stated that an Israeli ship joined the armada.

The Pentagon played down the news, saying the American maneuvers were routine. However, a report by Iran on Wednesday that it has enriched dozens of pounds of 17 per cent enriched uranium serves as a reminder that time is running out to stop Iran from being able to produce a nuclear weapon.

Iran's Fars News Agency said the Israeli military aircraft landed 10 days ago at the Saudi base near the city of Tabuk, located in northwest Saudi Arabia, one of the closest areas in the oil kingdom to Iran.

Fars said that the Tabuk base will be the central station for an Israeli attack on Iran. It quoted an Islamic news site that a commercial airline passenger said the airport in Tabuk was closed to all other traffic during the alleged Israeli landings. The passenger said that "no reasonable explanation" was given for shutting down the airport and those passengers were compensated financially.

Iran's Revolutionary Guards began closely patrolling the Islamic Republic's northwestern border after noticing the American forces. Also reported that American military are in Iran, which is in an armed conflict in itself, act of war.

Revolutionary Guards Brigadier General Mehdi Moini said Tuesday that his forces are mobilized "due to the presence of American and Israeli forces on the western border." The Guards reportedly have called in tanks and anti-aircraft units to the area in what amounts to a war alert.

Enriched Uranium Not for Bombs

As signs point to a higher American-Israeli military profile aimed at Iran, Ali Akbar Salehi, the Islamic Republic's vice president and director of the nuclear program, announced Wednesday that Iran has produced another 37 pounds of uranium enriched to 20 percent. The production of the uranium defies United Nations demands that Iran stop its unsupervised nuclear development, although the 20 percent level is far below level that is needed to build a nuclear weapon.

"Potentially, we can produce 5 kilograms (11 pounds) a month, but we are not in a hurry over this," Salehi told the semi-official ISNA news agency. (IsraelNationalNews.com)

Bill of Rights 2nd Amendment:
 "A well regulated militia being necessary to the security of a free State, the right of the people to keep and bear arms shall not be infringed."

Wake up militia! Use it , or lose it ! Got your gun, yet?

"...with a firm reliance on the protection of Divine Providence, we mutually pledge to each other our lives, or fortunes and our sacred honor."

(Unanimous Declaration of Independence)

If you will not fight for the right when you can easily win without bloodshed, and, if you will not fight when your victory will be sure and not too costly, you may come to the moment when you will have to fight with all the odds against you and only a precarious chance of survival. There may even be a worse case. You may have to fight when there is no hope of victory, because it is better to perish than live as slaves.

"And how we burned in the camps later, thinking: What would things have been like if every Security operative [insert your favorite alphabet Gang DEA, BATFE, H.S., TSA, FBI, IRS, NSA, CIA, LEOs etc. here], when he went out at night to make an arrest, had been uncertain whether he would return alive and had to say goodbye to his family? Or if, during periods of mass arrests, as for example in Leningrad, when they arrested a quarter of the entire city, people had not simply sat there in their lairs, paling in terror at every bang of the downstairs door and at every step on the staircase, but had understood they had nothing left to lose [neither do you now] and had boldly set up in the downstairs hall an ambush of half a dozen people with axes, hammers, pokers, or whatever else was at hand. The Organs would very quickly have suffered a shortage of officers and transports and, notwithstanding all of Stalin's thirst; the cursed machine would have ground to a halt!" -- The Gulag Archipelago, Aleksandr Solzhenitsyn

Disclose Act violates freedom of Speech

I stand with Gun Owners of America in opposing the DISCLOSE Act (H.R. 5175 and S. 3295), because you politicians apparently have no clue about the 1st Amendment freedom of speech and petition and you violate your Oath of Office over and over with impunity. Justice will come you way someday, so do not now add yet another charge of TREASON to your list of crimes.

It is outrageous that the House of Representatives passed this legislation with a deal to exempt certain large organizations from the terms of the DISCLOSE Act. This smacks of the money-for-votes fiasco which helped grease the skids for passage of ObamaCare and which has already lowered Congress' reputation to unprecedented depths.

I was glad to see that Senator Mitch McConnell blasted this deal, which was especially aimed at carving out special exemptions for the NRA leadership in exchange for their promise to sit on their hands and not oppose the DISCLOSE Act. "If there is one thing Americans loathe about Washington, it's the backroom dealing to win the vote of organizations with power and influence at the expense of everyone else," McConnell said.

Free speech isn't theirs to ration-- it's a right guaranteed by our First Amendment to all United States Citizens.

Gun Rights Refresher

1. An armed man is a citizen. An unarmed man is a subject.
2. A gun in the hand is better than a cop on the phone.
3. If guns cause crime, then pencils cause misspelled words.
4. "Free" men do not ask permission to bear arms.
5. If you don't know your rights you don't have any.
6. Those who trade liberty for security have neither.
7. What part of "shall not be infringed" do you not understand?
8. The Second Amendment is to enforce the other 9 Amendments.
9. 64,999,987 firearms owners killed no one yesterday.
10. Guns only have two enemies; rust and politicians.
11. Know guns, know peace, know safety.
12. No guns, no peace, no safety.
13. You don't shoot to kill; you shoot to stay alive.
14. 911 - government sponsored Dial-a-Prayer.
15. Assault is a behavior, not a gun device.
16. Criminals love gun control -- it makes their jobs safer.
17. If guns cause crime, then matches cause arson.
18. Only a government that is afraid of citizens prohibits guns.
19. You only have the rights you are willing to fight for.
20. Remove the people's right to bear arms, you create slaves.
21. The American Revolution was about gun control.

Crimes of Politicians Must Be Stopped by The People (You are The Militia)

The crime on our streets is a tiny fraction of the crime in the offices of our politicians and bureaucrats - the massive majority of crime is committed by the criminal classes in power. Just look at the constant abuse of power in our State government offices and you will realize the extent of crime in Government. Just consider just how many BILLIONS of dollars a day Government extorts from the people and how little WE get in return; and just how comfortable the politicians make themselves at the expense of the peoples they extort!

The goal of the founders of America was to restrict government within severe limits and to protect the rights of sovereign individuals. Government has NO rights!

Judges are impeachable. Furthermore, judges may be removed immediately for violating oaths of office, involvement in conspiracies, extortion, and failing to uphold their duty to the common law. Judges can also be arrested, they are not exempt from this nor are any other officials, including the President of the United States.

Do the people have the power to do this? Yes, the people have the power to do everything to defend our country against all enemies foreign or domestic politician, and government has no power to say otherwise. Fascist bureaucrats might send out its armed marauders, but a huge group of The People (Militia) armed with guns as guaranteed their Right to keep and bear arms by the 2nd Amendment is likely to stop them unless the governments decide that it is time to begin mass killings of all people who believe in the rights of Man.

Wake up ! Enforce the Bill of Rights !

"A well regulated militia, being necessary to the security of a free state, the right of the people to keep and bear arms shall not be infringed." Exercise the 2nd Amendment.

It's happening RIGHT NOW under the rule of Commissar Obama: Soldier Arrested for sending video of military chopper crew murdering men and children

"Collateral Murder," shows a 2007 Army helicopter attack on a group of men, some of whom were armed, but obviously not hostile to the chopper above them when the chopper crew open fire on them. The unprovoked attack killed two Reuters employees and an unarmed Baghdad man who stumbled on the scene afterward and tried to rescue one of the wounded by pulling him into his van. The man's two children were in the van and suffered serious injuries in the hail of gunfire at the van and the man trying to rescue the injured.

Manning's friend said that after Manning had released the video to WikiLeaks, he wondered if it, was really going to make a difference?...He wanted people held accountable and wanted to see this didn't happen again."

Secret Document Calls Wikileaks 'Threat' to U.S. Army

Wikileaks presents a "threat to the U.S. Army" and publishes "potentially actionable information" for targeting military personnel, according to a classified intelligence report posted Monday on the whistleblowing site.

The 32-page report entitled An Online Reference to Foreign Intelligence Services, Insurgents, or Terrorist Groups? indicates the government's concern that "current employees or moles" within the Defense Department or the U.S. government "are providing sensitive or classified information to Wikileaks." To stop this, the 2008 report had suggested a campaign to expose and punish those who leak to the site, which was founded in 2007 by Chinese dissidents, journalists and mathematicians.

"Wikileaks.org uses trust as a center of gravity by assuring insiders, leakers, and whistleblowers who pass information to Wikileaks.org personnel or who post information to the website that they will remain anonymous," according to the report. "The identification, exposure, or termination of employment of or legal actions against current or former insiders, leakers, or whistleblowers could damage or destroy this center of gravity and deter others from using Wikileaks.org to make such information public."

The document is classified Secret, and was produced by the Army Counterintelligence Center, under the Department of Defense Intelligence Analysis Program. It appears to underscore the military's alarm that Wikileaks might be used to reveal United States military secrets, or broadcast disinformation harmful to the U.S.

Wikileaks editor Julian Assange learned that Wikileaks has received awards from Amnesty International and has been praised by media groups and others for giving whistleblowers and political dissidents a forum to expose corruption and foster transparency.

Notable leaks include the 238-page U.S. military manual detailing operations of the Defense Department's Guantánamo Bay detention facility, and a Central Intelligence Agency manual for operating the CIA's rendition flights, which involved undocumented detainees who were kidnapped in various locations and flown to countries outside the United States for interrogation and torture.
