Molokai Knife Attack Victim Saved by Courageous Witness. X-Boyfriend Arrested

John Henry Sardinha, of Hoolehua, a 52-year-old Molokai resident has been charged with attempted murder for allegedly slashing his girlfriend with a knife Saturday June 26th.

Police said the attack happened about 10 p.m. in Kawela Barns in Kawela, where Sardinha punched his girlfriend and slashed her with a knife.

Another woman, who intervened and eventually took the knife away, was cut on both hands, police said.

Responding officers found Sardinha's girlfriend had abrasions to her face from being punched and serious cuts to her right cheek and left forearm.

Both women were taken to Molokai

General Hospital, where Sardinha's girlfriend was treated for life-threatening injuries. The other woman was treated and released.

Sardinha faces charges of second-degree attempted murder, second-degree assault, and abuse of a family member. He is being held on \$52,000 bail.

[Editor's note: Both women are invited to a self defense firearms training safety course for FREE, by Militia of Molokai. Call George Peabody 558-8253]

Obama's "Change" is the 2011 LARGEST TAX HIKES in HISTORY

At virtually every campaign stop, candidate Obama promised there would be no new net spending during his administration. Just a year later now, he has caused a few trillion in new federal spending. Infact, its more than a few trillion in new spending. "The total potential federal government spending could reach up to \$23.7 trillion," says Neil Barofsky, the special inspector general for TARP.

And, YOU will be paying for it! In just six months, the largest tax hikes in the history of America will take effect. The TeaParty Revolution must become more urgent and unified to resist this socialist take over of American Republic.

Its not just Obama's anti-gun rights that is serious concern with his nomination to the Supreme Court of Elena Kagan, the socialist anti-Constitution Jew who wrote Clinton's anti-gun law, but Barack Obama himself seems intent on trashing our Constitution and creating a European-style social welfare state. Obama said "My budget is a blueprint for the economy." **Makaala! MORE TAXES!**

Obama's Tax increases will hit families and small businesses in three great waves starting January 1, 2011 with the expiration of 2001 Tax Relief laws.

Personal income tax rates will rise. Itemized deductions will be excluded.

Higher taxes on marriage and family. The "marriage penalty" will return. The child tax credit will be cut in half from \$1000 to \$500 per child. The dependent care and adoption tax credits will be cut.

Death Tax. This year, there is no death tax. For those dying on or after January 2011, there is a 55% top death tax rate on estates over \$1 million. A person leaving behind two homes and a retirement account could easily pass along a death tax bill to their loved ones. Survivors must pay the Death Tax bill!

The capital gains tax will rise from 15 % this year to 20%.

Second Wave: OBAMACARE

There are over twenty new or higher taxes in Obamacare. Several will first go into effect on January 1, 2011. They include: The "Medicine Cabinet Tax" Thanks to Obamacare, Americans will no longer be able to use health savings account (HSA) pre-tax dollars to purchase non-prescription, over-the-counter medicines.

The "Special Needs Kids Tax" This provision of Obamacare imposes a cap on flexible spending accounts (FSAs) of \$2500 (Currently, there is no federal government limit). There is one group of FSA owners for whom this new cap will be particularly cruel and onerous: parents of special needs children. There are thousands of families with special needs children in the United States, and many of them use FSAs to pay for high cost expensive special needs education.

U.S. Supreme Court Upholds "Fundamental" Right to Guns

"...the right of the People to keep and bear arms shall not be infringed."

Gun ownership rights of the People as stated in the 2nd Amendment were upheld again in Monday's U.S. Supreme Court Ruling, and supporters of the Constitution for the United States of America have hailed the ruling as a victory. This is the first time the US Supreme Court has offered a clear definition of national significance of the 2nd Amendment's guarantee that right of the People to keep and bear arms shall not be infringed, and orders the lower federal appeals court to reconsider its ruling - leaving little doubt that the Chicago laws will eventually be overturned, and Hawaii's chapter 134 HRS challenged.

In McDonald, v. Chicago, (08-1521) the ruling makes it clear that this does not mean that all laws governing gun ownership in America are immediately void. But Justice Samuel A. Alito, Jr., in the Court's main opinion did make unmistakably clear to lower court judges that the right to have a gun for self-defense in the home is a "fundamental" constitutional right; and that the Second Amendment right of the People to keep and bear arms shall not be infringed applies equally against the federal government and the states.

The 2nd Amendment to the Constitution for the United States of America is just 27 words, clearly stating our fundamental right to self protection against common criminals and corrupt government agents: "A well regulated Militia, being necessary to the security of a free State, the right of the people to keep and bear Arms shall not be infringed."

When a right is deemed to be "fundamental," any law that seeks to limit or infringe on it will be judged by the stiffest constitutional legal test called "strict scrutiny," and it will be struck down if the legislature's need for it is not "compelling" and if the approach it takes is not the narrowest possible way to solve the specific problem. Few gun laws can survive "strict scrutiny".

In the Heller decision of 2008 declared the personal right to a gun is not limited to having it at home, but is "a right to possess and carry weapons in case of confrontation."

Obama's Tax Hikes: 2011

Ainokea

Defendant Obama is named as "de facto president of the United States."

The HSA Withdrawal Tax Hike. This provision of Obamacare increases the additional tax on non-medical early withdrawals from an HSA from 10 to 20 percent, disadvantaging them relative to IRAs and other tax-advantaged accounts, which remain at 10 percent.

Third: The Alternative Minimum Tax and Employer Tax Hikes

When Americans prepare to file their tax returns in January of 2011, they'll be in for a nasty surprise—the AMT won't be held harmless, and many

tax relief provisions will have expired.

The AMT will catch over 28 million families, up from 4 million last year. According to the Tax Policy Center, there will be an explosion of AMT taxpaying families—rising from 4 million last year to 28.5 million in 2011. These families will have to calculate their tax burdens twice, and pay taxes at the higher level.

Small business expensing will be slashed and 50% expensing will disappear. Small businesses can normally expense (rather than slowly-deduct, or "depreciate") equipment purchases up to \$250,000. This will be cut all the way down to \$25,000. Larger businesses can expense half of their purchases of equipment. In January of 2011, all of it will have to be "depreciated."

Taxes will be raised on all types of businesses. There are literally scores of tax hikes on business that will take place. The biggest is the loss of the "research and experimentation tax credit," but there are many, many others, and will cost jobs.

Tax Benefits for Education and Teaching Reduced. The deduction for tuition and fees will not be available. Tax credits for education will be limited. Teachers will no longer be able to deduct classroom expenses. Coverdell Education Savings Accounts will be cut. Employer-provided educational assistance is curtailed. The student loan interest deduction will be disallowed for thousands of families.

Even Charitable Contributions from IRAs no longer allowed.

Want to protest this TAX TYRANNY? Be PREPARED to face off with lots of brutal mindless Nazi riot armed paramilitary forces working against YOU. And you will also face tank mounted stun gun noise cannons, and skin burning microwave flame throwers like this photo below. Called Obama-Enforcement!

Dr. Jeffrey Okamoto Pediatric Specialist Awarded Kennedy Fellowship

Dr. Jeffrey Okamoto, a pediatrician who works to improve the lives of islanders with developmental and intellectual disabilities, has been selected for a prestigious Joseph P. Kennedy Jr. Foundation Public Policy Fellowship. He flies every other month to Molokai to care for children with developmental and behavioral challenges at a clinic supported by Kapiolani Medical Center. Known to many Molokai families and children, Dr. Okamoto has been coming to Molokai for clinics for more than fifteen years.

He will leave next month for the intensive yearlong fellowship -- an opportunity to participate in public policy development. He is one of only three people in the U.S. chosen for the Kennedy program this year.

He said Dr. Gina French, a board-certified pediatrician in developmental behavioral health, will cover his clinic while he is away.

Faculty members and doctors will take over his various other positions.

"I'm really hopeful to learn a lot about the process in D.C. They (the foundation) did tell me to use my patience in the process," he said.

Married with a 12-year-old son, Okamoto is a professor at the University of Hawaii John A. Burns School of Medicine and a developmental-behavioral pediatrician at the Pediatric Specialty Center at Kapiolani Medical Center for Women and Children.

He said many improvements have occurred in public policies affecting Hawaii residents with such disabilities and he hopes for further improvements, particularly concerning self-determination.

He is interested in how to keep people with intellectual disabilities safe and supported while allowing them to make their own decisions.

Many of the people served by the state Department of Health's Developmental Disabilities Division, for which he is medical director, are making decisions for themselves, "but they're not always the best decisions," he said.

The division has about 3,500 clients, of which 2,500 fall under a Development Disabilities/Mental Retardation Home and Community-Based Services Medicaid waiver program, he said. It is not a large number compared to some regions, he said, "but I feel 3,500 is quite a bit of work considering the money and personnel we have."

Hawaii became the first state to enact a law mandating self-determination for people with developmental disabilities and mental retardation in 1998. Services have been provided for them in the community since 1999, when the state closed Waimanalo Training School and Hospital, an intermediate care facility for the mentally retarded.

Okamoto said there has since been "a revolution" in care for this population. "We are one of few states that doesn't have an institution. ...

"A lot of people are working really hard on the population, which is kind of hidden, under the radar," he added.

Bill of Rights 2nd Amendment:
“A well regulated militia being necessary to the security of a free State, the right of the people to keep and bear arms shall not be infringed.”

Wake up militia! Use it , or lose it ! Got your gun, yet?

"...with a firm reliance on the protection of Divine Providence, we mutually pledge to each other our lives, or fortunes and our sacred honor."

(Unanimous Declaration of Independence)

If you will not fight for the right when you can easily win without bloodshed, and, if you will not fight when your victory will be sure and not too costly, you may come to the moment when you will have to fight with all the odds against you and only a precarious chance of survival. There may even be a worse case. You may have to fight when there is no hope of victory, because it is better to perish than live as slaves.

"And how we burned in the camps later, thinking: What would things have been like if every Security operative [insert your favorite alphabet Gang DEA, BATFE, H.S., TSA, FBI, IRS, NSA, CIA, LEOs etc. here], when he went out at night to make an arrest, had been uncertain whether he would return alive and had to say goodbye to his family? Or if, during periods of mass arrests, as for example in Leningrad, when they arrested a quarter of the entire city, people had not simply sat there in their lairs, paling in terror at every bang of the downstairs door and at every step on the staircase, but had understood they had nothing left to lose [neither do you now] and had boldly set up in the downstairs hall an ambush of half a dozen people with axes, hammers, pokers, or whatever else was at hand. The Organs would very quickly have suffered a shortage of officers and transports and, notwithstanding all of Stalin's thirst; the cursed machine would have ground to a halt!" -- The Gulag Archipelago, Aleksandr Solzhenitsyn

No Free Man shall ever be debarred the use of arms—Thomas Jefferson

The right to keep and bear arms free from infringement by any government agent is guaranteed by the 2nd Amendment's plain words. Clearly the intent of our Founding Fathers was to insure the ability of United States Citizens to resist and remove any government agents who become Tyrants, as well as provide individuals with the means to defend themselves and their families against more common criminals.

On behalf of all the United States Citizens who are threatened at this time by the violent criminals who have seized or usurped government offices and powers, control the media and perpetrated the 9/11/01 false flag terrorist attack on America in pursuit of global dominance—TAKE ACTION NOW: "...it is their Right, it is their Duty, to throw off such Government...." to restore our Liberty, Freedom, and our once Great Republic.

REPUBLIC: (RES=thing; PUBLICA=public. The REPUBLIC or public thing is the CONSTITUTION for the United States of America. And, keeping it of the People, by the People, and for the People is the challenge and the reason our Right to Keep and Bear Arms is vital to our FREEDOM and Liberty. But Obama, Clinton et al want to take our guns. Why?

Gun Rights Refresher

1. An armed man is a citizen. An unarmed man is a subject.
2. A gun in the hand is better than a cop on the phone.
3. If guns cause crime, then pencils cause misspelled words.
4. "Free" men do not ask permission to bear arms.
5. If you don't know your rights you don't have any.
6. Those who trade liberty for security have neither.
7. What part of "shall not be infringed" do you not understand?
8. The Second Amendment is to enforce the other 9 Amendments.
9. 64,999,987 firearms owners killed no one yesterday.
10. Guns only have two enemies; rust and politicians.
11. Know guns, know peace, know safety.
12. No guns, no peace, no safety.
13. You don't shoot to kill; you shoot to stay alive.
14. 911 - government sponsored Dial-a-Prayer.
15. Assault is a behavior, not a gun device.
16. Criminals love gun control -- it makes their jobs safer.
17. If guns cause crime, then matches cause arson.
18. Only a government that is afraid of citizens prohibits guns.
19. You only have the rights you are willing to fight for.
20. Remove the people's right to bear arms, you create slaves.
21. The American Revolution was about gun control.

Crimes of Politicians Must Be Stopped by The People (You are The Militia)

The crime on our streets is a tiny fraction of the crime in the offices of our politicians and bureaucrats - the massive majority of crime is committed by the criminal classes in power. Just look at the constant abuse of power in our State government offices and you will realize the extent of crime in Government. Just consider just how many BILLIONS of dollars a day Government extorts from the people and how little WE get in return; and just how comfortable the politicians make themselves at the expense of the peoples they extort!

The goal of the founders of America was to restrict government within severe limits and to protect the rights of sovereign individuals. Government has NO rights!

Judges are impeachable. Furthermore, judges may be removed immediately for violating oaths of office, involvement in conspiracies, extortion, and failing to uphold their duty to the common law. Judges can also be arrested, they are not exempt from this nor are any other officials, including the President of the United States.

Do the people have the power to do this? Yes, the people have the power to do everything to defend our country against all enemies foreign or domestic politician, and government has no power to say otherwise. Fascist bureaucrats might send out its armed marauders, but a huge group of The People (Militia) armed with guns as guaranteed their Right to keep and bear arms by the 2nd Amendment is likely to stop them unless the governments decide that it is time to begin mass killings of all people who believe in the rights of Man.

Wake up ! Enforce the Bill of Rights !

What can YOU do about Obama Treason

Under the Obama regime, more than ever, there is a general decline in respect for the Constitutional limits on government powers. Obama, Lingle et al must be chained down to stop the taxation, debasing of our economy. Our Constitution is the envy of oppressed nations around the world because it limits the federal government to certain basic functions, e.g., national defense and ensuring a free market across the nation, while protecting liberties that enable us to plan and live our own lives, under rule of law, free from government interference. Now Obama is trying to make federal government the source of endless free goods and services. Makaala! A government big enough to give you everything you want is powerful enough to take everything you have and give it to someone else. The highest taxes in history are coming starting January 1, 2011.

Molokai Fisherman Exits Water With Tako catch to Report Two Large Tiger Sharks in Water at Waialua

Leimana Naki pictured with octopus and fish caught off Waialua last week June 17, returned to shore faster than usual after he says he saw two large tiger sharks swimming together near him and his catch. "One shark, ok, but I see two sharks together scoping the area, in this very shallow water near where Keiki Surf Meet is held in two days on Saturday. He borrowed a phone from Susan Peabody and called in the shark report to Pukoo Fire Station to be alerted.

Molokai Jetski Rider Rescued Makapuu

A MAYDAY call on VHF radio from Molokai resident Jeff Davis brought the Honolulu Fire Department rescue squad to his sinking jetski about 2-miles off the Makapuu Lighthouse yesterday.

Davis was heading back to Molokai when his watercraft began sinking. He said there were three holes.

The Coast Guard called in HFD, which had its Air 2 helicopter conducting exercises nearby. The HFD rescue team sent in a swimmer to the watercraft, and towed in the jetski to a nearby cove.

Fire Department Capt. Lance Okai said rescuers worried there might have been more than one person on the stricken craft, because Davis was not in the driver's seat. "He was on the sled, not the driver's seat. Usually if you're on a jet ski you'll stay in the driver's seat. We were worried there may have been more than one skier but it turns out he was the only skier," Okai said.

Davis said he has gone between Molokai and Oahu several times without incident. This is a trip he won't soon forget. "Oh, that was pretty exciting. Yeah, pretty lonely out there when nothings working," said Davis. [Jetski thrill craft are prohibited in Molokai waters.]
